NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

Carson City is a consolidated municipality governed by an elected mayor and a four-member board, which comprise the Board of Supervisors. The accompanying financial statements present the City and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations, and, therefore, data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government. Each blended and discretely presented component unit has a June 30 year end.

BLENDED COMPONENT UNIT. The Redevelopment Authority is governed by a board comprised of the City's elected Board of Supervisors. The ad valorem tax rates and bond issuance authorizations are approved by the Redevelopment Authority and the Board of Supervisors and the legal liability for the general obligation portion of the Authority's debt remains with the City. The financial statements of the Authority are reported as special revenue, debt service and capital projects funds.

DISCRETELY PRESENTED COMPONENT UNITS. The Carson City Convention and Visitors' Bureau is responsible for the promotion of tourism in Carson City. The members of the Bureau's governing board are appointed by the Board of Supervisors. The Bureau is fiscally dependent upon the City since the Board of Supervisors sets the room tax rates and must approve any general obligation debt issuances. The Convention and Visitors' Bureau is presented as a governmental fund type.

The Carson City Airport Authority is responsible for the operations of the Carson City Airport. The members of the Authority are appointed by the Board of Supervisors. The Authority is fiscally dependent upon the City since the Board of Supervisors is the recognized grantee for any Federal Aviation Administration grants awarded on behalf of the Authority and any property tax levies must be approved by the Board of Supervisors. The Authority is presented as a governmental fund type.

Complete financial statements for each of the discretely presented component units may be obtained at the entity's administrative offices.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-Wide Financial Statements – The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements – Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Carson City considers all revenues, except grants, available if they are collected within 60 days of the end of the current fiscal period. Grant revenues are considered available if they are collected within 120 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, consolidated taxes, franchise fees, motor vehicle fuel taxes, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period.

Shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Grants and similar items are recognized as revenues when eligibility requirements imposed by the provider have been met. All other revenue items are considered to be measurable and available only when cash is received by the City.

The government reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Quality of Life Fund* accounts for the voter approved one-quarter percent sales tax for the purpose of acquiring open space and the construction and maintenance of park and trail facilities.

The *Regional Transportation Fund* accounts for the nine cent per gallon county fuel tax imposed in accordance with NRS 373.030. The monies are to be used for the purpose of street and highway construction.

The government reports the following major proprietary funds:

The *Sewer Fund* accounts for the activities of the sewer services provided to the residents of Carson City.

The *Water Fund* accounts for the activities of the water services provided to the residents of Carson City.

The *Stormwater Drainage Fund* accounts for the activities of the stormwater management program provided to the residents of Carson City.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

Additionally, the government reports the following fund types:

Internal service funds account for group medical insurance, workers' compensation, liability and property insurance, and fleet management services provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.

The *Investment Trust Fund* accounts for the external portion of the investment pool administered by the City.

Agency funds are used to account for assets held by the City in a purely custodial capacity for other organizations or governments.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are interfund services provided and used and other charges between the City's business-type activities and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and internal service funds are charges to customers for services. Operating expenses for enterprise funds and internal service funds include salaries and wages, employee benefits, services and supplies, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY

1. Deposits and Investments

For purposes of the statement of cash flows presented for proprietary funds, cash equivalents are defined as short-term, highly liquid investments, generally with original maturities of three months or less. Since all cash in proprietary funds is pooled with the rest of the City's cash and is available upon demand, all cash and investments in those funds are considered cash equivalents. The City considers cash purchases and sales of the following types of investments as part of its cash management program rather than part of its operating, capital, investing, and financing activities.

Pursuant to NRS 355.170 and 355.167, Carson City may only invest in the following types of securities:

- a) United States bonds and debentures maturing within ten (10) years from the date of purchase.
- b) Certain farm loan bonds.
- c) Bills and notes of the United States Treasury and obligations of an agency or instrumentality of the United States of America or a corporation sponsored by the government maturing within ten (10) years from the date of purchase.
- d) Negotiable and non-negotiable certificates of deposit from commercial banks and insured credit unions or savings and loan associations.

**CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009**

- e) Certain securities issued by local governments of the State of Nevada.
- f) Other securities expressly provided by other Statutes, including repurchase agreements.
- g) State of Nevada Local Government Investment Pool.
- h) Certain bankers' acceptances, commercial paper issued by a corporation organized and operating in the United States, and money market mutual funds.

Investments are reported at fair value.

2. Investment Pool Investment Income

Interest income is recorded on the accrual basis in the investment pool. Net realized gains (losses) on investments are the sum of differences between the cost (if purchased during the fiscal year) or the fair value of the investment at the beginning of the year, and the net selling price received for investments that are sold or matured.

The net increase (decrease) in fair value of investments in the investment pool is the difference between the cost (if purchased during the fiscal year) or the fair value of the investments at the beginning of the year, and the fair value of the investments at the end of the year.

3. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." Operating appropriations and subsidies are accounted for as transfers in the funds involved.

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All funds employ the allowance method of recognizing bad debts. Management does not anticipate any material collection losses with respect to its accounts receivable balances in any fund, except the Ambulance Fund; and, therefore, the allowance in those funds is zero.

The Ambulance Fund accounts receivable are presented net of the allowance for uncollectible accounts. All uncollectible accounts were written off during fiscal year 2009; therefore, there was no allowance for uncollectible accounts at June 30, 2009.

Property taxes are levied as of July 1 on property values assessed the previous December. Taxes may be paid in four installments on the third Monday in August and the first Mondays in October, January, and March. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. On the first Monday in June, if the taxes remain unpaid, a Treasurer's Trustee Certificate is issued conveying the property to the Treasurer as Trustee, constituting a lien for back taxes and accumulated delinquency charges. A two year redemption period begins after the certificate placing such property in trust is issued. Redemption may be made by the owner and such persons as described by Statute by paying all back taxes and accumulated penalties, interest, and costs before sale. For property with taxes remaining unpaid at the end of the two year redemption period, Carson City may take a deed to the property and proceed to a tax sale. Secured roll property taxes receivable reflect only those taxes receivable from the delinquent roll years. No provision for uncollectible accounts has been established since management does not anticipate any material collection losses in respect to the remaining balances.

**CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009**

Accounts receivable for the discretely presented component units do not reflect an allowance for uncollectible accounts. The managements of the respective entities do not anticipate any material collection losses with respect to accounts receivable balances.

4. Inventories and Prepaid Items

The City's policy is to value inventories in Governmental Funds at cost using the average cost method, while Enterprise Fund inventories are valued at cost using the weighted average method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

5. Restricted Assets

Certain assets of Carson City's General Fund and Commissary Special Revenue Fund are classified as restricted assets because their use is restricted as the amounts are held for others.

6. Capital Assets

Capital assets, which include land, construction in progress, buildings, improvements, machinery and equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life of at least one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40-50
Improvements other than buildings	30-45
Machinery and equipment	5-10
Infrastructure	15-50

7. Long-Term Obligations

In the government-wide financial statements and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. For current and advanced refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

of interest expense using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. The City pays 33-1/3 percent of a portion of the employee's unused sick leave at time of employee termination if provided for in the applicable Employee Association contract. Vacation pay and sick leave payoff are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

8. Connection Fees

It is the policy of the Board of Supervisors that new users hooking up to the water and sewer systems pay a "pro rata" share of the cost of the existing systems as calculated on the basis of "Equivalent Residential Customers." To this end, a connection fee is charged for new hookups to the water and sewer systems and the amounts are reported as capital contributions.

9. Equity Classifications

In the government-wide financial statements, equity is classified as net assets and displayed in three components:

- Invested in Capital Assets, Net of Related Debt – Consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- Restricted Net Assets – Consists of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; (2) law through constitutional provisions or enabling legislation.
- Unrestricted Net Assets – All other net assets that do not meet the definition of "invested in capital assets, net of related debt" or "restricted."

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent the estimated opening fund balance in the City's 2009-2010 final budget. The undesignated fund balance represents the amount by which the actual ending fund balance exceeded the reservations and designations.

10. Comparative Data

Comparative total data for the prior year have been presented only for individual funds in the fund financial statements in order to provide an understanding of the changes in financial position and operations for the funds. Also, certain amounts presented in prior year data have been reclassified in order to be consistent with current year's presentation.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETARY INFORMATION

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental and proprietary funds. All annual appropriations lapse at fiscal year end.

On or before mid-February of each year, all agencies of the City must submit requests for appropriations to the Internal Finance Committee comprised of the City Manager, Finance Director, Deputy Finance Director and Treasurer in order that a budget may be prepared. Before April 15th, a tentative budget is submitted to the Board of Supervisors, the Redevelopment Authority, and the State of Nevada. The City then holds a series of public hearings and a final budget must be prepared and adopted no later than June 1st.

The appropriated budget is prepared by fund, function and department. The City's department heads may request transfers of appropriations within the department's budget categories. Transfers of appropriations between department categories or functions within a fund may be made with the City Manager's approval. Transfers of appropriations between funds, from contingency accounts, or increases in budget appropriations require the approval of the Board of Supervisors or Redevelopment Authority. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the function level for governmental funds and the sum of operating and nonoperating expenses in the proprietary funds. There are no budgetary restrictions in the debt service funds regarding expenditures related to payments of principal and interest on long-term debt. The Board made several supplemental budgetary appropriations throughout the year.

B. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

The City conformed to all significant statutory constraints on its financial administration during the fiscal year with the following possible exceptions:

- Actual expenditures exceeded appropriations in the Judicial Function of the General Fund by \$8,455. This is an apparent violation of NRS 354.626.
- Actual expenses exceeded appropriations in the Sewer Enterprise Fund by \$770,727. This is an apparent violation of NRS 354.626.
- Actual expenses exceeded appropriations in the Water Enterprise Fund by \$244,976. This is an apparent violation of NRS 354.626.
- Actual expenses exceeded appropriations in the Stormwater Drainage Enterprise Fund by \$102,812. This is an apparent violation of NRS 354.626.
- Actual expenses exceeded appropriations in the Ambulance Enterprise Fund by \$535,655. This is an apparent violation of NRS 354.626.

C. SHORTFALL IN RESERVED AND UNRESERVED/DESIGNATED FUND BALANCES

The Traffic Transportation, Administrative Assessments, Landfill Closure / Post Closure, Carson City Transit, and V & T Special Infrastructure Special Revenue Funds' fund balances were insufficient to cover the budgeted July 1, 2009 opening fund balance by \$8,058, \$757, \$226,630, \$31,954 and \$32,088, respectively.

D. DEFICIT FUND EQUITY

The Traffic Transportation Special Revenue Fund has a deficit fund balance of \$1,859.

NOTE 3 - DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

At year end, the City's carrying amount of deposits was \$1,719,396 and the bank balance was \$1,948,742. All of the bank balance was covered by FDIC, SIPC, or collateralized by the Office of the State Treasurer/Nevada Collateral Pool.

The carrying amount of deposits for discretely presented component units was \$435,596 and the bank balance was \$448,205. All of the bank balance was covered by federal depository insurance or by collateral held by the component unit's agent in the component unit's name.

The City has a formal investment policy to establish guidelines for the prudent investment of City funds. Funds of the City will be invested in compliance with the provisions of Nevada Revised Statutes, Chapters 355.167 through 355.200, and other applicable statutes. Allowable investments are described in Note 1.D.1.

At year end, the City had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)		
		Less Than 1	1-5	6-10
U.S. Treasuries	\$22,300,303	\$12,266,842	\$10,033,461	\$ -
U.S. Agencies	18,393,122	930,894	16,167,633	1,294,595
Corporate Bonds	7,622,377	909,248	6,618,366	94,763
Money Market Mutual Fund	5,424,798	5,424,798	-	-

Investment Pool	1,978,685	1,978,685	-	-
Total	<u>\$55,719,285</u>	<u>\$21,510,467</u>	<u>\$32,819,460</u>	<u>\$1,389,358</u>

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy states that portfolio maturities must be structured to avoid the forced sale of securities in any but the most severe circumstances. To this end, portfolio management procedures will provide for the projection of a "minimum liquidity requirement" for the City's operating fund.

The following procedures will be applied:

- Minimum Liquidity Requirement: This is defined as the total cash flow needed to pay City obligations for a period of four weeks. All securities to be included in the "minimum liquidity requirement" must mature within 28 days.
- Intermediate Market Investment: That portion of City funds remaining after deletion of the "minimum liquidity requirement" may be invested in the intermediate market, defined herein as instruments maturing between zero and ten years.
- No U.S. bonds, debentures, bills, notes, agency obligations or securities purchased may have a maturity date of more than 10 years from the date of purchase.

Credit Risk. Funds invested with the State of Nevada Treasurer in the Local Government Investment Pool may be invested as permitted by Nevada Revised Statutes. City policy does not further restrict these investments. As of June 30, 2009, the City's investments in U.S. Agencies were rated AAA by Standard and Poor's and Aaa by Moody's Investors Service. The City's investment in the State of Nevada Local Government Investment Pool is an unrated external investment pool with an average duration of 65 days. Of the City's investments in corporate bonds, \$3,434,113 was rated AAA, \$1,398,030 was rated AA, \$1,937,740 was rated A and \$852,494 was unrated.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

Concentration of Credit Risk. The City's investment policy states that no more than 20% of the total book value of the portfolio will be invested in a single security type with the exception of U.S. Treasury and government agency securities.

At June 30, 2009 the following investments exceeded 5% of the City's total:

Federal Home Loan Bank	\$7,152,421	12.84%
Federal National Mortgage Association	4,496,705	8.07%
Federal Home Loan Mortgage Corporation	5,484,909	9.84%

Securities Lending. Having been approved by the State Board of Finance, Nevada Revised Statute (NRS) 355.178 authorizes the City to participate in securities lending transactions, where the City's securities are loaned to broker/dealers and other entities for collateral with a simultaneous agreement to return the collateral for the same securities in the future. The City's securities lending agent administers the securities lending program and receives collateral from the borrower in the form of cash or marketable securities equal to at least 102 percent of the fair value of the securities borrowed. The fair values of the securities loaned and the collateral provided by the borrowers are monitored on a daily basis.

Cash collateral is invested in accordance with the investment guidelines stated in NRS 355.170. According to the City's investment policy, every attempt will be made to match the maturity of the lending contract with the maturity of the investment. In no case shall the maturity for the investment contract be longer than the corresponding lending contract. The maturity of the investment shall not be more than 30 days less than the maturity of the lending contract.

At year end, the City had no credit risk exposure to borrowers because there were no outstanding securities lending transactions.

At year end, the component units' investments and maturities were as follows:

	<u>Fair Value</u>	<u>Investment Maturity Less Than 1 Year</u>
State of Nevada Local Government Investment Pool	<u>\$1,238,886</u>	<u>\$1,238,886</u>

A reconciliation of cash and investments as shown on the Statement of Net Assets for the primary government follows:

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

The State of Nevada Local Government Investment Pool is an external pool administered by the State Treasurer, with oversight by the State of Nevada Board of Finance.

Carson City administers an external investment pool combining Carson City money with involuntary investments from the Carson City School District. Each participant's share is equal to their original investment plus or minus monthly allocation of interest income and realized and unrealized gains and losses. The fair value of Carson City's investments is determined annually. The determination of realized gains and losses is independent of the determination of the net change in the fair value of investments and realized gains and losses on investments that were held by the governmental entity during a previous accounting period(s) but sold during the current period were used to compute the change in the fair value of investments for the previous year(s) as well as the current year. The participant's share and redemption value are calculated using the same method. The Board of Supervisors has overall responsibility for investment of City funds, including the Investment Trust Fund, in accordance with NRS 355.175. The Carson City Chief Investment Official is the Carson City Treasurer, under authority delegated by the Board of Supervisors. The City has not provided or obtained any legally binding guarantees during the period to support the value of shares. The external investment pool is not registered with the SEC as an investment company.

Other Commitments:

On April 1, 1997, the City entered into an agreement with the State of Nevada, Department of Transportation (Highway Agreement No. R159-97-060) to help construct the Carson City Bypass. The City is funding this obligation through a \$.05 increase in the county motor vehicle fuel tax. The City intends to contribute a total of \$19 million plus interest. As of June 30, 2009 the City has contributed \$14,196,189.

In August 2004, the City and the State of Nevada, Department of Transportation (NDOT) added Amendment 1 to the above Agreement. The amendment provides for the following:

- The City shall pay to NDOT an amount of \$15,000,000, with payments beginning upon completion of the funding obligation for Phase I of the freeway as prescribed in Highway Agreement No. R159-97-060 and amended herein, estimated to start in 2011 and finish in 2026. For Phase 2, the City shall pay the tax based on a \$.03 levy in the county motor vehicle fuel tax. The amounts received from the additional \$.02 levy will be used to maintain Carson Street and Fairview Drive as described below.
- It is further agreed that the City will assume ownership and maintenance responsibility for Carson Street from approximately Arrowhead Drive in the north to the intersection of the Carson City Freeway at the Spooner Intersection to the south, upon construction completion to the point when vehicles are using Phase 2.
- The City also agrees to construct Fairview Drive to a minimum of four through lanes with turn lanes, from the terminus of Phase 2A at Fairview Drive to US 395/Carson Street, and to be responsible for maintenance of Fairview Drive.

D. LONG-TERM DEBT

General Obligation Bonds. The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. In addition, general obligation bonds have been issued to refund general obligation bonds.

General obligation bonds are direct obligations and pledge the full faith and credit of the City. These bonds generally are issued as serial bonds with equal amounts of principal maturing each year. General obligation bonds currently outstanding are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Governmental activities	2.0-5.4%	\$58,072,700
Governmental activities - refunding	2.9-5.4%	11,970,000
Business-type activities	1.6-7.5%	45,757,997
Business-type activities - refunding	3.0-5.0%	4,726,600

Revenue Bonds. The City also issues bonds where the City pledges income derived from the acquired or constructed assets to pay debt service. Revenue bonds outstanding at year end are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Regional Transportation	2.0-4.9%	\$13,427,600

Notes Payable. The City issues notes to provide funds for open space and building improvements and to refund Redevelopment debt. Notes payable outstanding at year end are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Energy Retrofit	4.3387%	\$ 421,044
Open Space	3.25%	1,785,200
Redevelopment Refunding note	3.97%	1,053,400

Capital Leases. The City has entered into lease agreements as lessee for financing the acquisition of office equipment. The net present value of minimum lease payments at year end was \$109,182.

The assets acquired through capital leases are as follows:

		<u>Governmental Activities</u>
Asset:		
Machinery and equipment		\$201,650
Less: Accumulated depreciation		<u>(66,393)</u>
Total		<u>\$135,257</u>

Compensated Absences. The compensated absences liability attributable to governmental activities will be liquidated primarily by the General Fund.

Conduit Debt. On March 4, 2002, October 1, 2003, and October 27, 2005, the City issued \$45,185,000, \$95,000,000, and \$15,000,000, respectively, in revenue bonds for Carson-Tahoe Regional Healthcare, a non-profit corporation. The bonds, issued pursuant to NRS Chapter 268, are not obligations of the City, nor shall they ever constitute a debt of the City and therefore have been excluded from the City's financial statements. The principal balance outstanding at June 30, 2009 was \$127,920,000.

NOTE 4 - OTHER INFORMATION

A. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The City has joined together with similar public agencies (cities, counties and special districts) throughout the State of Nevada to create a pool under the Nevada Interlocal Cooperation Act. The Nevada Public Agency Insurance Pool (Pool) is a public entity risk pool currently operating as a common risk management and insurance program for its members. The City pays an annual premium and is subject to a \$100,000 deductible per occurrence. The Pool is considered a self-sustaining risk pool that will provide liability coverage for its members up to \$10,000,000 per event and a \$13,000,000 general aggregate per member. Property, crime and equipment breakdown coverage is provided to its members up to \$300,000,000 per loss with various sublimits established for earthquake, flood, equipment breakdown, and money and securities. Other coverage currently held by the City, including airport liability, boiler and machinery, and bonds on public officials, are insured without a deductible. In addition, certain automobile damage is self-insured by the City.

The City became a member of the Public Agency Compensation Trust (PACT) for workers' compensation beginning July 1, 2003. The City pays an annual premium and there are no deductibles. The PACT is considered a self-sustaining risk pool that will provide coverage for its members based on established statutory limits. The City retains liability for claims for the period from July 1, 1992 to June 30, 2003 when the City was self-insured.

Liabilities are reported when it is probable that a loss has occurred and the amount of loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). Claims liabilities are calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of payouts, and other economic and social factors.

The liabilities for claims and judgments are reported in the Workers' Compensation and Insurance Funds. Changes in the balances of claims liabilities during the past two years are as follows:

	<u>Current Portion</u>	<u>Long-Term Portion</u>	<u>Totals</u>	
	<u>2009</u>	<u>2008</u>		
Unpaid claims, beginning of fiscal year	\$ 577,511	\$74,012	\$ 651,523	\$ 658,064

Unpaid claims, end of fiscal year	<u>\$ 540,350</u>	<u>\$106,396</u>	<u>\$ 646,746</u>	<u>\$ 651,523</u>

Settlements have not exceeded coverages in any of the past three fiscal years.

B. LANDFILL CLOSURE AND POSTCLOSURE COSTS

The City operates a Municipal Solid Waste Landfill. The operation of this landfill is regulated by both federal and state governments under Subtitle D (40 CFR Part 258) and NRS 444.556. Recognition of liability for closure and post closure care costs is based on landfill capacity used to date. This liability at June 30, 2009,

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

\$2,769,168, is reported in governmental activities. It is estimated that the landfill will be used for an additional fifty-one years and that at June 30, 2009, approximately 34.03 percent of its capacity had been utilized. The City passes the EPA "financial assurance test" for local governments, and will self-assure payment for its obligations for closure, post closure, and corrective care costs. The estimated total current cost of closure and post closure care, \$8,137,433, has been calculated in 2009 dollars in accordance with current federal and state regulations and will be adjusted each year for the effects of inflation or deflation.

C. CONTINGENT LIABILITIES

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not determinable, it is the opinion of the District Attorney, the City's counsel, that resolution of these matters will not have a material adverse effect on the financial condition of the City.

The City has wells that currently exceed the proposed federal drinking water standard for naturally occurring arsenic concentrations. Depending upon the final outcome of the regulations, the City may incur approximately \$6,700,000 by 2010 to meet the new standard.

D. OTHER POSTEMPLOYMENT BENEFITS

From an accrual accounting perspective, the cost of postemployment healthcare and life insurance benefits, like the cost of pension benefits, generally should be associated with the periods in which the cost occurs, rather than in the future when it will be paid. In prospectively adopting Governmental Accounting Standards Board Statement No. 45 – *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions* during the fiscal year ended June 30, 2009, the City recognizes the cost of postemployment healthcare and life insurance in the year when the employee services are received, reports the accumulated liability from prior years, and provides information useful in assessing potential demands on the City's future cash flows.

Plan Descriptions. The City contributes to a single-employer defined benefit healthcare and life insurance plan, the City's Retiree Subsidy Plan (City's Plan), and an agent multiple-employer defined healthcare plan, State of Nevada Public Employees' Benefits Program (PEBP). Both plans provide medical, dental, vision, accidental death and dismemberment, and life insurance benefits to eligible retired City employees and beneficiaries.

Benefit provisions for the City's Plan are established pursuant to NRS 287.023 and amended through Board resolution and contracts between the City and the various bargaining units. The City explicitly subsidizes the healthcare premiums pursuant to the City's Plan and contracts negotiated with various bargaining units. The City currently contributes toward the cost of coverage as follows:

- Firefighters who retire under Nevada PERS after July 1, 2002 at age 47 or older and with 20 or more years of service receive a percentage of the medical premiums for themselves and their dependents. No subsidy is paid toward the cost of firefighter's dental, vision or life coverage in retirement. In 2005, the City established the Firefighter Retirement Medical Fund to accumulate resources to provide for these subsidies.
- All other employees who retire from the City with at least 10 years of service (including firefighters not yet eligible or not qualifying for the benefits above) receive a subsidy of \$6 per month for each year of service toward the cost of their coverage. Retirees may elect to continue coverage for their spouse and other eligible dependents, but do so entirely at their expense.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

Under state law, retiree loss experience is pooled with active loss experience for the purposes of setting rates in the City's Plan. The difference between the true claims cost and the blended premium is an implicit rate subsidy that creates an OPEB obligation for the City.

The City serves as a secondary carrier for retirees eligible for Medicare. Expenditures for post-employment healthcare and life insurance are recognized each month when premiums are paid. A summary of the premium rates for the City's Plan, as of July 1, 2008, are shown below:

Retirees Without Medicare	POS (In Area)	PPO (Out of Area)
Retiree	\$443.11	\$585.33
Retiree & 1 dependent / both without Medicare	924.11	1,222.66

Retiree & family / both without Medicare	1,209.60	1,604.79
Retiree & family / 1 without Medicare	1,067.39	1,466.19

Retirees With Medicare	POS (In Area)	PPO (Out of Area)
Retiree	\$343.11	\$485.33
Retiree & 1 dependent / both with Medicare	709.26	1,013.26
Retiree & 1 dependent / 1 with Medicare	816.68	1,117.96
Retiree & family / both with Medicare	925.18	1,327.59
Retiree & family / 1 without Medicare	1,067.39	1,466.19

Benefit provisions for PEBP are established pursuant to NRS 287.023 and are subject to amendment by the State of Nevada each biennium. Pursuant to NRS 287.023 (as amended during the 2007 session of the Nevada Legislature), through November 29, 2008, retirees had the option to participate in the City's Plan for post-employment healthcare and life insurance benefits or to join PEBP offered by the State of Nevada. However, subsequent to November 29, 2008, retirees no longer have the option of joining PEBP, yet still retain the option to participate in the City's Plan. Local governments are required to pay the same portion of cost of coverage for those persons joining PEBP that the State of Nevada pays for those persons retired from state service who have continued to participate in the plan.

The City is required to provide a subsidy for their retirees that have elected to join PEBP. The subsidy is paid on the pay-as-you-go basis. Contribution requirements for plan members and the participating employers are assessed by the PEBP Board annually. Unsubsidized plan rates in effect for the fiscal year ranged from \$48 to \$1,197 per month for retirees. The contributions required for PEBP subsidies depend on the date of retirement of prior years of PERS service for employees earned while working for the City. For retirees retiring prior to January 1, 1994, the subsidy is \$410. For those who retired on or after January 1, 1994, the subsidy depends on years of service and ranges from a minimum of \$103 for 5 years of service to a maximum of \$564 for 20 or more years of service. These subsidies are then allocated and billed to all applicable former employers of the retiree. The City's portion of the monthly subsidies ranged from \$2 to \$564 during the 2009 fiscal year.

CARSON CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

Funding Policy and Annual OPEB Cost. The City is currently funding the annual OPEB cost on a pay as you go basis for both plans. The City makes annual transfers to the Firefighter Retirement Medical Fund equal to a 1% salary reduction for Fire Department employees covered under the Collective Bargaining Agreement between the City of Carson City and the Carson City Firefighters' Association Local 2251 and \$6 per year of service for current Firefighter retirees with a minimum of ten years of service pursuant to City policy. For fiscal year 2008-2009, \$70,902 was transferred to the Firefighter Retirement Medical Fund to be used to fund firefighter retiree subsidies. However, as an irrevocable trust fund has not been established this amount does not reduce the City's unfunded actuarial accrued liability.

The City's actuarial valuation for the plans was prepared from employee and retiree data as of May 2009. The number of participants as of June 30, 2009, the effective date of the OPEB valuation, follows.

	City Plan	PEBP Plan
Active employees	577	-
Retirees enrolled in City Plan	86	
Retirees enrolled in PEBP		202

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plans, and the net OPEB obligations (assets), by plan, for fiscal year 2008-2009 were as follows:

	Fiscal Year Ended	Annual OPEB Cost	Employer Contributions	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation (Asset)

Note that fiscal year 2008-2009 is the first year of implementation; therefore, the prior two years are unavailable for disclosure.

The net OPEB obligation (asset) as of June 30, 2009, was calculated as follows:

	City Plan	PEBP Plan	Totals

Unfunded actuarial accrued liability as a percentage of covered payroll [(a) - (b)] / (c)	65.41%	N/A	112.19%

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of the events in the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information provides current year information (and will provide multiyear trend information, when available, that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits).

Actuarial Methods and Assumptions. Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefits between the City and the plan members at that point. Actuarial calculations reflect long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

	City Plan	PEBP Plan
Actuarial valuation date	6/30/09	6/30/09
Actuarial cost method	Entry age normal cost	Entry age normal cost
Amortization method	Level percentage of pay	Level percentage of pay
Remaining amortization period	30 years, open	30 years, open
Asset valuation method	N / A	N / A
<u>Actuarial assumptions:</u>		
Investment rate of return	4.0%	4.0%
Projected salary increases	4.0%	4.0%
Healthcare inflation rate	Medical – 10% * Dental & vision – 6% * Life insurance – 1% *	Medical – 10% * Dental & vision – 6% *
* Medical – decreasing 1% each year until ultimate trend rate of 5% is reached. Dental & vision - decreasing .5% each year until ultimate trend rate of 4.5% is reached. Life insurance – increasing 1% each year.

E. DEFINED BENEFIT PENSION PLAN

Plan Description. Carson City contributes to the Public Employees Retirement System of the State of Nevada (PERS), a cost sharing, multiple employer, defined benefit plan administered by the Public Employees Retirement System of the State of Nevada. PERS provides retirement benefits, disability benefits, and death benefits, including annual cost of living adjustments, to plan members and their beneficiaries. Chapter 286 of the Nevada Revised Statutes establishes the benefit provisions provided to the participants of PERS. These benefit provisions may only be amended through legislation. The Public Employees Retirement System of the State of Nevada issues a publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained by writing to the Public Employees Retirement System of the State of Nevada, 693 West Nye Lane, Carson City, NV 89703-1599 or by calling (775) 687-4200.

Funding Policy. Plan members' benefits are funded under one of two methods. Under the employer pay contribution plan, the City is required to contribute all amounts due under the plan. The rate for those contributions was 20.5% for regular members and 33.5% for police and fire employee members on all covered payroll. The second funding mechanism for providing benefits to regular employees is the employer/employee paid contribution plan. Under this method, employees are required to contribute a percentage of their compensation to the plan, while the City is required to match that contribution. The rate for regular employees under this plan was 10.50%. The contribution requirements of plan members and the City are established by NRS Chapter 286. The funding mechanism may only be amended through legislation. The City's contributions to PERS for the years ended June 30, 2009, 2008, and 2007 were \$8,849,179, \$8,523,859, and \$7,951,803, respectively, equal to the required contributions each year. The contribution rates for the years ended June 30, 2009 and June 30, 2008 were the same as disclosed above. The contribution rates for the year ended June 30, 2007 were 19.75% for regular employees, 32% for police and fire employees under the employer paid plan, and 10.50% for regular employees under the employer/employee paid plan.

F. FUND ADDITIONS/DELETIONS

The 2006 Flood Fund, a special revenue fund, was deleted during fiscal year 2008-2009 due to the completion of projects related to the 2006 flood.

The Carson City Sanitary Landfill Fund, an enterprise fund, was deleted during fiscal year 2008-2009. Landfill operations were transferred to the General Fund effective July 1, 2007.

The 911 Surcharge Fund, a special revenue fund, was created during fiscal year 2008-2009. This fund was established to account for the 911 surcharge imposed for the enhancement or improvement of the telephone system for reporting an emergency in Carson City County.

G. SUBSEQUENT EVENTS

On September 2, 2009, Carson City issued \$2,900,000 of Various Purpose Medium-Term Bonds, Series 2009. The Bonds are not proposed to be repaid in whole or in part by the levy of a tax exempt from the limitations on taxes ad valorem, but are to be repaid from legally available funds of the City, including, without limitation, monies derived from the City's Sewer Fund, the City's Stormwater Drainage Fund, and the City's Fleet Management Fund. The proceeds of the Bonds will be used to finance the cost of ambulances, sewer improvements and storm drainage improvements and to pay for the cost of issuing the Bonds.

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Major Fund

Quality of Life Fund - This Fund is used to account for a voter approved one-quarter percent (0.25%) sales tax for the purpose of acquiring open space and the construction and maintenance of park and trail facilities.

Regional Transportation Fund - This Fund is used to account for the nine cent per gallon County fuel tax imposed in accordance with Nevada Revised Statute 373.030. The monies are to be used for the purpose of street and highway construction.

Nonmajor Funds

Senior Citizens Center Fund - This Fund is used to account for the 1984 voter-approved tax override of five cents to provide for the construction, furnishing, equipment, operation, and ongoing maintenance of Senior Citizens facilities in Carson City.

Cooperative Extension Fund - This Fund was established in accordance with Nevada Revised Statute 549.020 and is used to account for the City's share of the Cooperative Extension work which is funded by a one cent to five cent tax rate subject to Board of Supervisor approval.

Traffic Transportation Fund - This Fund was established in accordance with the Carson City Charter Section 2.240 and is used to account for monies received for parking fees and fines and may be expended only for the establishment, repair, and control of parking meters, facilities for parking, and any other appurtenances necessary for traffic control.

Supplemental Indigent Fund - This Fund is used to account for additional indigent expenditures other than General Fund requirements and for the collection and payment to the State of Nevada for the auto accident indigent ad valorem tax levy.

Library Gift Fund - This Fund was established in accordance with Nevada Revised Statute 379.106 and is used to account for all gifts to the Ormsby Public Library.

Administrative Assessments Fund - This Fund was established by NRS 176.059 and is used to account for the City's share of assessments on misdemeanor convictions.

SPECIAL REVENUE FUNDS

Continued

911 Surcharge Fund - This fund was established to account for the 911 surcharge imposed for the enhancement or improvement of the telephone system for reporting an emergency in Carson City County.

Capital Projects Fund - This Fund is used to account for the additional ad valorem tax imposed in accordance with Nevada Revised Statute 354.598155 for the purpose of replacing major assets.

Landfill Closure / Post Closure - This fund is used to accumulate resources to pay for future landfill closure and post closure care costs.

Street Maintenance Fund - This Fund is used to account for the one-quarter percent (0.25%) retail sales and use tax for the sole purpose of maintaining and repairing public roads within Carson City; the one cent per gallon motor vehicle fuel tax approved by the voters in 1986 for the purpose of repairing or restoring existing paved roads, streets, and alleys; and the 3.60 and 1.75 cents per gallon motor vehicle fuel taxes collected in accordance with Nevada Revised Statutes 365.180 and 365.190.

Capital Acquisition and Development Fund - This Fund is used to account for sales of City property and the financing and purchasing of large capital items for the benefit of the public at large.

Stabilization Fund - This fund is used to stabilize the operation of the City and mitigate the effects of natural disasters.

Redevelopment Administration Fund - This Fund is used to account for the operations of the Redevelopment Agency, which has been combined with Carson City for financial statement purposes.

Firefighter Retirement Medical Fund - This fund is used to account for revenues raised and expenditures incurred to provide retirement medical benefits to qualified retirees of the Carson City Fire Department.

Carson City Transit Fund - This Fund is used to account for transit grants, fares, donations, and additional City funding to be used for the sole purpose of providing public transportation services within Carson City.

Commissary Fund - This Fund is used to operate a commissary to allow the Sheriff to sell to the prisoners food, beverages, toiletries, and similar items as the Sheriff may approve. The Sheriff must expend the profits from the operation of the commissary only for the welfare and benefit of the prisoners in the jail.

SPECIAL REVENUE FUNDS

Continued

V & T Special Infrastructure Fund – This fund is used to account for the 0.125% sales tax revenue that is pledged for the payment of principal and interest on the bonds known as the V & T Historical Bonds.

Campo Fund - This fund is used to account for revenues received and expenditures incurred related to the administration of Federal Highway Administration and Federal Transit Administration Metropolitan Planning activities.

Airport Fund - This Fund is used to account for Federal Aviation Administration grants awarded to the City.

Grant Fund - This fund is used to account for state and federal grants.

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the government's board is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's board has decided that periodic determination of net income is appropriate for accountability purposes.

Major Funds

Sewer Fund - This Fund is used to account for the revenues and expenses of sewer services provided to the residents of Carson City.

Water Fund - This Fund is used to account for the revenues and expenses of water services provided to the residents of Carson City.

Stormwater Drainage Fund – This Fund is used to account for the revenues and expenses of the stormwater management program.

Nonmajor Funds

Ambulance Fund - This Fund is used to account for the operations of the ambulance service provided by the Carson City Fire Department.

Cemetery Fund - This Fund is used to account for the costs of providing interment services and perpetual care of the City's cemetery.

Building Permits Fund - This Fund is used to account for the revenues and expenses of the Building Permit Program.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency of a government to other departments or agencies on a cost reimbursement basis. Accounting for Internal Service Funds as a proprietary fund type is designed to accumulate the total cost (including depreciation) of providing a particular service. Costs for services are reimbursed by the departments or agencies to which the services are provided.

Group Medical Insurance Fund - This Fund is used to account for monies collected from City departments and employees to be expended for claims for medical services provided to employees and their dependents.

Workers' Compensation Fund - This Fund is used to account for monies collected for the insurance program from City departments to be expended for payment of claims, as required by law, to employees injured by accident while at work.

Insurance Fund - This Fund is used to account for monies collected from City departments for liability and property insurance.

Fleet Management Fund – This fund is used to account for monies collected from City departments for fleet maintenance operations.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for assets held by the government in a trustee or agency capacity.

Investment Trust Fund - This Fund is used to account for the external investment pool administered by Carson City. The pool has one involuntary participant, the Carson City School District Debt Service Fund. These statements can be found in the City's basic financial statements.

Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Agency Funds are merely clearing accounts and have no fund equity. The following information is presented to describe each of the City's Agency Funds:

Sierra Forest Fire Protection Fund - This Fund is used to accumulate ad valorem and supplemental City/County relief tax monies and provide payment of debts and just claims against the District.

Eagle Valley Water District Fund - This Fund is used to account for the collection and payment of ad valorem taxes on behalf of the District.

Conservancy District Fund - This Fund is used to account for the collection and payment of ad valorem taxes on behalf of the District.

Sub-Conservancy District Fund - This Fund is used to account for the collection and payment of ad valorem taxes on behalf of the District.

Fish and Game Fund - This Fund is used to account for monies withdrawn from the wildlife account within the State General Fund and transferred to the City for disposition by the City's Advisory Board to manage wildlife.

Controller Trust Fund - This Fund is used to account for unclaimed payroll warrants and accounts payable warrants during the required statutory period, which have been returned to the City until claimed or remitted to the State of Nevada Unclaimed Property Division.

State of Nevada Fund - This Fund is used to account for the collection and payment of the State of Nevada's share of ad valorem taxes, District and Justice Court fees, marriage fees, or fees otherwise mandated by statute, and collected by the City.

FIDUCIARY FUNDS

Continued

Nevada Commission for the Reconstruction of the V & T Railway Fund - This Fund is used to account for the collection and distribution of gifts, grants, and donations to reconstruct the Virginia and Truckee Railroad between Virginia City and Carson City.

Carson City School District Debt Service Fund - This Fund is used to account for ad valorem taxes and interest earned thereon, specifically apportioned and appropriated for the retirement of long-term general obligation principal and interest of the School District.

Carson City School District Operating Fund - This Fund is used to account for the collection of and remittance to the school district of ad valorem taxes.

Forfeiture Account Fund - This Fund is used to account for currency that is seized by the Sheriff's Office and will remain in the Fund until the court determines if the currency is subject to forfeiture.

Pursuant to NRS 361.227, real property is valued at taxable value, determined by calculating the full cash value (market value) of land and estimated replacement cost of improvements less appropriate depreciation. Taxable assessed value is 35% of estimated actual value. Real property is reappraised at least every five years. Property not reappraised is revalued annually using various approved methods.

(1) Per hundred dollars of assessed valuation.

**Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Honorable Mayor and Members of the
Board of Supervisors, Carson City, Nevada

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Carson City, Nevada as of and for the year ended June 30, 2009, which collectively comprise Carson City's basic financial statements, and have issued our report thereon dated November 30, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered Carson City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Carson City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Carson City's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a deficiency in internal control over financial reporting that we consider to be a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiency described in item 09-1 in the accompanying Schedule of Findings and Questioned Costs to be a significant deficiency in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section, and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that the significant deficiency described above is not a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Carson City's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Carson City's response to the identified finding is described in the accompanying Schedule of Findings and Questioned Costs. We did not audit Carson City's response, and accordingly, we express no opinion on it.

This report is intended solely for the information of the Mayor, Board of Supervisors, and management and federal awarding agencies and pass through entities, and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Auditor's Report on Compliance with Requirements Applicable to Each
Major Program and on Internal Control over Compliance in
Accordance with *OMB Circular A-133***

To the Honorable Mayor and Members of the
Board of Supervisors, Carson City, Nevada

Compliance

We have audited the compliance of Carson City, Nevada with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2009. Carson City's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Carson City's management. Our responsibility is to express an opinion on Carson City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Carson City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Carson City's compliance with those requirements.

In our opinion, Carson City, Nevada complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2009. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements that are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying Schedule of Findings and Questioned Costs as items 09-2, 09-3 and 09-4.

Internal Control Over Compliance

The management of Carson City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Carson City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Carson City's internal control over compliance.

Our consideration of the internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as items 09-2, 09-3 and 09-4 to be significant deficiencies.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control. We do not consider the deficiencies described as items 09-2, 09-3 and 09-4 in the accompanying Schedule of Findings and Questioned Costs to be material weaknesses.

Carson City's responses to the findings identified in our audit are described in the accompany Schedule of Findings and Questioned Costs. We did not audit Carson City's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information of the Mayor, Board of Supervisors, and management and federal awarding agencies and pass through entities, and is not intended to be and should not be used by anyone other than these specified parties.

A. Summary of Auditor's Results

- Kafoury, Armstrong & Co. issued an unqualified opinion on the basic financial statements of Carson City, Nevada for the year ended June 30, 2009.
- A significant deficiency, not considered to be a material weakness, was identified during the audit of the financial statements.
- The audit disclosed no instances of noncompliance, which were material to the financial statements of Carson City, Nevada.
- Two significant deficiencies in internal control over major federal award programs disclosed during the audit are reported in the Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular-A-133. The deficiencies were not considered material weaknesses.
- Kafoury, Armstrong & Co. issued an unqualified opinion on compliance for major Federal programs of Carson City, Nevada.
- Audit findings relative to the major federal award programs for Carson City, Nevada, which are required to be reported under Section .510(a) of the OMB Circular A-133, are reported in Part C of this Schedule.
- Carson City, Nevada had four major programs for the year ended June 30, 2009, as follows:
 - Forest Legacy Program – CFDA 10.676
 - Federal Transit Cluster – CFDA 20.500 and 20.507

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2009

B. Findings Relating to the Financial Statement Audit Reported in Accordance with Generally Accepted Governmental Auditing Standards (GAGAS):

Significant Deficiency:

09-1 Capital Assets

Criteria and Condition: Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. One of the key components of an effective system of internal control is reconciliation of accounts to ensure proper reporting in the financial statements.

During our audit testing, we noted an instance where developer contributions were recorded in the current fiscal year but were contributed in the prior year. The contribution was not captured timely for recording in the general ledger.

Effect: The internally-prepared financial information utilized during the year was not accurate as certain prior year developer contributions were recorded in the current year.

Cause: Adequate communication between the Finance Department and the Engineering Division did not occur in order to identify developer contributions on a timely basis.

Recommendation: We recommend the City's Finance Department and Engineering Division staff communicate with one another at a minimum quarterly to ensure contributed capital activity is accurately reflected in the general ledger and supporting workpapers of the City.

Management's Response: The Finance Department will coordinate with Project Managers on a quarterly basis and monitor Board of Supervisors agenda reports for developer contributions to ensure that contributed capital activity is accurately reflected in the City's financial statements and supporting workpapers.

C. Findings and Questioned Costs for Major Federal Award Programs:

U.S. DEPARTMENT OF TRANSPORTATION:

Finding 09-2:

Highway Planning and Construction Cluster:
Highway Planning and Construction, CFDA 20.205:
Recreational Trails Program, CFDA 20.219:

Grant Award Number: Potentially affects all grant awards included under CFDA 20.205 and 20.219 on the Schedule of Expenditures of Federal Awards.

Condition and Criteria: The OMB Circular A-133 Compliance Supplement requires that non-federal entities include in their construction contracts subject to the Davis-Bacon Act a requirement that the contractor or subcontractor comply with the requirements of the Davis-Bacon Act, and the DOL regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction"). This includes a requirement for the contractor or subcontractor to submit to the non-federal entity weekly, for each week in which any contract work is performed, a copy of the payroll and a statement of compliance (certified payrolls).

One construction contract related to this major program was subject to the Davis-Bacon Act provisions and was selected for testing. Our tests included reviewing the contract documents for the Davis-Bacon Act provisions, and reviewing the payroll files maintained at the Carson City Public Works Department. We noted that payroll submission requirements were communicated to the contractor via a "Notice to Proceed" letter from the Carson City Purchasing and Contracts Department, and that notice stated that certified payrolls for both the contractor and subcontractor were to be submitted within seven calendar days after the end of the weekly pay period, as per Davis-Bacon Act requirements. Subsequently, the Carson City Public Works Department communicated separately and verbally to the contractor that it was preferable for certified payrolls to be submitted bi-weekly or monthly. We noted that the payroll submissions for the contracts tested were submitted in batches on a bi-weekly or monthly basis, rather than weekly.

Questioned Cost: None.

Context: The condition noted above appears to be a systemic problem.

Effect: Material noncompliance with the Davis-Bacon Act by a contractor or subcontractor could occur and not be detected or followed up on by the City in a timely manner.

Cause: Adequate control procedures were not in place to ensure that all required payrolls were received timely.

Recommendation: We recommend that Carson City enhance procedures to ensure that certified payrolls are received weekly, as required.

Management's Response: See management's response on page 189.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES:

Finding 09-3:

Public Health Emergency Preparedness, CFDA 93.069:

Grant Award Number: Potentially affects all grant awards under CFDA 93.069 on the Schedule of Expenditures of Federal Awards.

Criteria and Condition: OMB Circular A-87 states that when employees are expected to work solely on a single Federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employees worked solely on that program for the period covered by the certification. These certifications will be prepared *at least semi-annually* and will be signed by the employee or supervisory official having first hand knowledge of the work performed by the employee.

Additionally, the Circular states where employees work on multiple activities or cost objectives, a distribution of their salaries or wages will be supported by personnel activity reports or equivalent documentation which: must reflect an after the fact distribution of the actual activity of each employee, must account for the total activity for which each employee is compensated, *must be prepared monthly* and coincide with one or more pay periods, and must be signed by the employee.

During our testing of salary and wage expenditures for this program it was noted that, although the City prepared certifications for the employees charged to the program, those certifications did not meet the criteria for compliance with OMB Circular A-87. The certifications included both employees who work solely on this award objectives and employees who work on multiple cost objectives. Two certifications were prepared for the period under audit, and were for the six-month period July 1, 2008 to December 31, 2008 and for the seventh month period from January 1, 2009 to July 31, 2009. The certifications were not prepared frequently enough for compliance with the OMB Circular A-87 requirement, as outlined above, for either classification of employee.

Questioned Costs: None.

Context: The condition noted above appears to be a systemic problem.

Effect: Unallowable costs could be charged to the Federal program.

Cause: Adequate procedures were not in place to ensure the required certifications were prepared timely and in accordance with the criteria set forth in OMB Circular A-87.

Recommendation: We recommend that Carson City implement procedures to ensure that the required certifications are prepared timely and in accordance with the criteria set forth in OMB Circular A-87.

Management's Response: See management's response on page 189.

CARSON CITY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2009

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES:

Finding 09-4:

Family Planning Services, CFDA 93.217:

Grant Award Number: Affect the grant award under CFDA 93.217 on the Schedule of Expenditures of Federal Awards.

Criteria and Condition: OMB Circular A-133 requires the City to prepare a Schedule of Expenditures of Federal Awards (Schedule) showing total Federal expenditures for the year and to maintain internal control over Federal programs that provides reasonable assurance that the City is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs.

Carson City has assigned the responsibility for accumulating the information to prepare the Schedule to the Finance Department. The Finance Department compiles this information based on award information provided from the personnel who administer the various programs. During our testing and reconciliation of the Schedule we noted that program income for the Family Planning Services program.

Questioned Costs: None.

Context: The condition noted above appears to be a systemic problem.

Effect: The inability to provide complete and accurate information about Federal expenditures and awards may be an indicator that the City is not managing the funds in accordance with the grant agreements.

Cause: The Finance Department and grant program personnel do not have adequate communication regarding the program income relating to Federal awards to ensure that Federal expenditures are reported completely and accurately on the Schedule of Expenditures of Federal Awards.

Recommendation: We recommend the Finance Department and grant program personnel, develop procedures to enhance communication regarding program income related to Federal awards and the related expenditures to ensure that Federal expenditures are completely and accurately reported to comply with the requirements of OMB Circular A-133.

Management's Response: See management's response on pages 189.

CARSON CITY, NEVADA

CONSOLIDATED MUNICIPALITY AND STATE CAPITAL

November 30, 2009

Dear Grantor Agencies:

The following is a discussion of our corrective action plan in response to the findings noted by Kafoury, Armstrong & Co. in the Schedule of Findings and Questioned Costs for the year ended June 30, 2009.

U.S. Department of Transportation:

Finding 09-2:

Highway Planning and Construction Cluster, CFDA 20.205 and 20.219

Corrective Action:

The City's Capital Program Manager will oversee the required compliance with Davis-Bacon Act provisions. Certified payrolls will be required to be submitted to the Capital Program Manager within seven calendar days after the end of the weekly pay period. The City has also contracted with a consultant to ensure that the review of certified payroll submissions is done on a timely basis.

U.S. Department of Health and Human Services:

Finding 09-3:

Public Health Emergency Preparedness, CFDA 93.069

Corrective Action:

When an employee's salaries and wages are charged to either a single Federal award or cost objective or multiple activities and cost objectives, the appropriate distribution will be reflected on their bi-weekly timesheet which is signed by the employee and a supervisor.

Finding 09-4:

Family Planning Services, CFDA 93.217

Corrective Action:

The Finance Department will review grant award documents for program income requirements and communicate with grant program personnel to ensure that program income is accurately reflected on the Schedule of Expenditures of Federal Awards.

Sincerely,

Nickolas Providenti
Director of Finance

DEPARTMENT OF FINANCE

CARSON CITY
SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS
FOR THE YEAR ENDED JUNE 30, 2009

U.S. DEPARTMENT OF TRANSPORTATION:
U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES:

Finding 08-2:

Federal Transit Cluster, CFDA 20.500 and 20.507:
Airport Improvement Program, CFDA 20.106:
Public Health Emergency Preparedness, CFDA 93.069
Immunization Grants, CFDA 93.268:

Grant Award Number: Potentially affects all grant awards under CFDA 20.500, 20.507, 20.106, 93.069 and 93.268 on the Schedule of Expenditures of Federal Awards.

Criteria and Condition: OMB Circular A-133 requires the City to prepare a Schedule of Expenditures of Federal Awards (Schedule) showing total Federal expenditures for the year and to maintain internal control over Federal programs that provides reasonable assurance that the City is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs. That Schedule should include the name of the Federal agency or pass-through entity and the identifying number assigned by the entity.

Carson City has assigned the responsibility for accumulating the information to prepare the Schedule to the Finance Department. The Finance Department compiles this information based on award information provided from the personnel who administer the various programs. During our testing and reconciliation of the Schedule, several errors were identified. These included omitting program income for the Immunization program (CFDA 93.268) and the Federal Transit Cluster (CFDA 20.500 and 20.507), as well as including the value of vaccines received under the Immunization Program. Also, expenditures amounting to \$282,693 relating to the Public Health Emergency Preparedness program (CFDA 93.069) were incorrectly reported as expenditures for the Centers for Disease Control and Prevention - Investigations and Technical Assistance program (CFDA 93.283).

During our major program testing we noted that the award documents for the Federal Transit Cluster and the Airport Improvement Program (CFDA 20.106) included identifying numbers assigned by granting agency, and those identifying numbers were not included on the Schedule.

CARSON CITY
SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS
FOR THE YEAR ENDED JUNE 30, 2009

<i>Questioned Costs:</i>	None.
<i>Context:</i>	The condition noted above appears to be a systemic problem.
<i>Effect:</i>	The inability to provide complete and accurate information about Federal expenditures and awards may be an indicator that the City is not managing the funds in accordance with the grant agreements.
<i>Cause:</i>	The Finance Department and grant program personnel do not have adequate communication regarding the Federal awards to ensure that Federal expenditures are reported completely and accurately on the Schedule of Expenditures of Federal Awards.
<i>Recommendation:</i>	We recommend the Finance Department and grant program personnel, develop procedures to enhance communication regarding Federal awards and the related expenditures to ensure that Federal expenditures are completely and accurately reported to comply with the requirements of OMB Circular A-133.
<i>Current Status:</i>	Corrective action has been taken. Departments are required to provide the Finance Department with grant award documents. These award documents are reviewed and the appropriate information is reported on the Schedule of Expenditures of Federal Awards. The Finance Department also reviews OMB Circular A-133 periodically to ensure the proper recording of information on the Schedule of Expenditures of Federal Awards.

U.S. DEPARTMENT OF TRANSPORTATION:

Finding 08-3:

Federal Transit Cluster, CFDA 20.500 and 20.507:

<i>Grant Award Number:</i>	Affects all grant awards under CFDA No. 20.507 on the Schedule of Expenditures of Federal Awards.
<i>Criteria and Condition:</i>	As noted in OMB Circular A-133, a pass-through entity is responsible for monitoring the activities of subrecipients as necessary to ensure that Federal awards are used for authorized purposes, and for ensuring an audit is completed within nine months of the end of a subrecipient's audit period, when required.

There was no documentation available to confirm that subrecipient monitoring activities had been performed, or that the most recent audit report was received and reviewed for the subrecipient.

CARSON CITY
SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS
FOR THE YEAR ENDED JUNE 30, 2009

Questioned Costs: None

Context: The condition noted above appears to be a systemic problem.

Effect: Noncompliance at the subrecipient level may occur and not be detected by the City.

Cause: The City did not have procedures established for subrecipient monitoring activities or to request and review the audit reports.

Recommendation: We recommend the City develop subrecipient monitoring policies for the Federal Transit Cluster program, which include receiving and reviewing the audit reports.

Current Status: Corrective action has been taken. The City requests and reviews the audit reports of subrecipients and is performing proper subrecipient monitoring activities.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES:

Finding 07-3:

Immunization Grants, CFDA 93.268:

Grant Award Number: Potentially affects all grant awards under CFDA No. 93.268 on the Schedule of Expenditures of Federal Awards.

Criteria and Condition: The OMB Circular A-133 Compliance Supplement allows grantees providing direct immunization services to generate program income from fees or donations. However, fees charged under VFC may not exceed the maximum reimbursement schedule established by the Centers for Medicare and Medicaid Services.

There was no documentation to verify that program income was properly determined or calculated and only collected from allowable sources. In addition, there was no documentation available to confirm that all program income was properly recorded in the accounting records.

Recommendation: We recommend the City establish procedures to ensure that all available program income is identified and recorded separately in the accounting records.

Current Status: Corrective action has been taken. Internal control procedures were implemented to ensure the completeness and accuracy of the program revenue.

Independent Accountant's Report on
Nevada Revised Statute 354.6241

To the Honorable Mayor and Members of the
Board of Supervisors, Carson City, Nevada

We have reviewed the assertion provided by management in accordance with Nevada Revised Statute 354.624 (5) (a):

- The identified funds are being used expressly for the purposes for which they were created,
- The funds are administered in accordance with accounting principles generally accepted in the United States of America,
- The reserved fund balances/net assets in the funds were reasonable and necessary to carry out the purposes of the funds at June 30, 2009 (based on the interpretation of reasonable and necessary provided by the Legislative Counsel Bureau),
- The sources of revenues, including transfers, available for the funds are as noted in the financial statements,
- The funds conformed to significant statutory and regulatory constraints on their financial administration during the year ended June 30, 2009,
- The balance and net assets of the funds are as noted in the financial statements.

This assertion is the responsibility of the management of Carson City, Nevada.

Our review was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on the assertion. Accordingly, we do not express such an opinion.

Based on our review, nothing came to our attention that caused us to believe that the assertion provided by management referred to above is not fairly stated in all material respects.
