6 TIMELINESS OF BILLING SUBMISSION:

6.1 The parties agree that timeliness of billing is of the essence to this Contract and recognize that **CITY** is on a fiscal year which is defined as the period beginning July 1 and ending June 30 of the following year. All billings for dates of service prior to July 1 must be submitted to **CITY** no later than the first Friday in August of the same year. A billing submitted after the first Friday in August will subject **CONSULTANT** to an administrative fee not to exceed \$100.00. 7 CONTRACT TERMINATION:

7.1 Termination Without Cause:

7.1.1 Any discretionary or vested right of renewal notwithstanding, this Contract may be terminated upon written notice by mutual consent of both parties or unilaterally by either party without cause.

7.2.1 The continuation of this Contract beyond June 30, 2011 is subject to and contingent upon sufficient funds being appropriated, budgeted, and otherwise made available by the Carson City Board of Supervisors. **CITY** may terminate this Contract, and **CONSULTANT** waives any and all claim(s) for damages, effective immediately upon receipt of written notice (or any date specified therein) if for any reason the funding is not appropriated or is withdrawn, limited, or impaired.

7.3 Cause Termination for Default or Breach:

7.3.1 A default or breach may be declared with or without termination.

7.3.2 This Contract may be terminated by either party upon written notice of default or breach to the other party as follows:

7.3.2.2 If any state, county, city or federal license, authorization, waiver, permit, qualification or certification required by statute, ordinance, law, or regulation to be held by **CONSULTANT** to provide the goods or services required by this Contract is for any reason denied, revoked, debarred, excluded, terminated, suspended, lapsed, or not renewed; or

7.3.2.3 If **CONSULTANT** becomes insolvent, subject to receivership, or becomes voluntarily or involuntarily subject to the jurisdiction of the bankruptcy court; or

7.3.2.4 If **CITY** materially breaches any material duty under this Contract and any such breach impairs **CONSULTANT'S** ability to perform; or

7.3.2.5 If it is found by **CITY** that any quid pro quo or gratuities in the form of money, services, entertainment, gifts, or otherwise were offered or given by **CONSULTANT**, or any agent or representative of **CONSULTANT**, to any officer or employee of **CITY** with a view toward securing a contract or securing favorable treatment with respect to awarding, extending, amending, or making any determination with respect to the performing of such contract; or

7.3.2.6 If it is found by **CITY** that **CONSULTANT** has failed to disclose any material conflict of interest relative to the performance of this Contract.

7.5 Winding Up Affairs Upon Termination:

7.5.1 In the event of termination of this Contract for any reason, the parties agree that the provisions of this paragraph survive termination:

7.5.1.1 The parties shall account for and properly present to each other all claims for fees and expenses and pay those which are undisputed and otherwise not subject to set off under this Contract. Neither party may withhold performance of winding up provisions solely based on nonpayment of fees or expenses accrued up to the time of termination;

7.5.1.2 **CONSULTANT** shall satisfactorily complete work in progress at the agreed rate (or a pro rata basis if necessary) if so requested by **CITY**;

7.5.1.3 **CONSULTANT** shall execute any documents and take any actions necessary to effectuate an assignment of this Contract if so requested by **CITY**;

8 REMEDIES:

8.1 Except as otherwise provided for by law or this Contract, the rights and remedies of the parties shall not be exclusive and are in addition to any other rights and remedies provided by law or equity, including, without limitation, actual damages, and to a prevailing party reasonable attorneys' fees and costs. The parties agree that, in the event a lawsuit is filed and a party is awarded attorney's fees by the court, for any reason, the amount of recoverable attorney's fees shall not exceed the rate of \$125 per hour. **CITY** may set off consideration against any unpaid obligation of **CONSULTANT** to **CITY**.

9 LIMITED LIABILITY:

9.1 **CITY** will not waive and intends to assert available Nevada Revised Statutes Chapter 41 liability limitations in all cases. Contract liability of both parties shall not be subject to punitive damages. Liquidated damages shall not apply unless otherwise specified in the incorporated attachments. Damages for any **CITY** breach shall never exceed the amount of funds appropriated for payment under this Contract, but not yet paid to **CONSULTANT**, for the fiscal year budget in existence at the time of the breach. **CONSULTANT'S** tort liability shall not be limited.

10 FORCE MAJEURE:

10.1 Neither party shall be deemed to be in violation of this Contract if it is prevented from performing any of its obligations hereunder due to strikes, failure of public transportation, civil or military authority, act of public enemy, accidents, fires, explosions, or acts of God, including, without limitation, earthquakes, floods, winds, or storms. In such an event the intervening cause must not be through the fault of the party asserting such an excuse, and the excused party is obligated to promptly perform in accordance with the terms of this Contract after the intervening cause ceases.

11 INDEMNIFICATION:

11.1 As required by AB 483, and NRS 338.155, **CONSULTANT** shall defend, indemnify and hold harmless the **CITY**, and the employees, officers and agents of the public body from any liabilities, damages, losses, claims, actions or proceedings, including without limitation, reasonable attorneys' fees, to the extent that such liabilities, damages, losses, claims, actions or proceedings are caused by the negligence, errors, omissions, recklessness or intentional

misconduct of the **CONSULTANT** or the employees or agents of the **CONSULTANT** in the performance of the contract. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of the indemnity which would otherwise exist as to any party or person described in this paragraph.

11.2 Except as otherwise provided in Subsection 11.4 below, the indemnifying party shall not be obligated to provide a legal defense to the indemnified party, nor reimburse the indemnified party for the same, for any period occurring before the indemnified party provides written notice of the pending claim(s) or cause(s) of action to the indemnifying party, along with:

11.2.1 a written request for a legal defense for such pending claim(s) or cause(s) of action; and

11.2.2 a detailed explanation of the basis upon which the indemnified party believes that the claim or cause of action asserted against the indemnified party implicates the culpable conduct of the indemnifying party, its officers, employees, and/or agents.

11.3 After the indemnifying party has begun to provide a legal defense for the indemnified party, the indemnifying party shall not be obligated to fund or reimburse any fees or costs provided by any additional counsel for the indemnified party, including counsel through which the indemnified party might voluntarily choose to participate in its defense of the same matter.

11.4 After the indemnifying party has begun to provide a legal defense for the indemnified party, the indemnifying party shall be obligated to reimburse the reasonable attorney's fees and costs incurred by the indemnified party during the initial thirty (30) day period of the claim or cause of action, if any, incurred by separate counsel.

12 INDEPENDENT CONTRACTOR:

12.1 An independent contractor is a natural person, firm or corporation who agrees to perform services for a fixed price according to his or its own methods and without subjection to the supervision or control of the other contracting party, except as to the results of the work, and not as to the means by which the services are accomplished.

12.2 It is mutually agreed that **CONSULTANT** is associated with **CITY** only for the purposes and to the extent specified in this Contract, and in respect to performance of the contracted services pursuant to this Contract. **CONSULTANT** is and shall be an independent contractor and, subject only to the terms of this Contract, shall have the sole right to supervise, manage, operate, control, and direct performance of the details incident to its duties under this Contract.

12.3 Nothing contained in this Contract shall be deemed or construed to create a partnership or joint venture, to create relationships of an employer-employee or principal-agent, or to

12.4 **CONSULTANT** shall indemnify and hold **CITY** harmless from, and defend **CITY** against, any and all losses, damages, claims, costs, penalties, liabilities, expenses arising out of or incurred in any way because of, but not limited to, **CONSULTANT'S** obligations or legal duties regarding any taxes, fees, assessments, benefits, entitlements, notice of benefits, employee's eligibility to work, to any third party, subcontractor, employee, state, local or federal governmental entity.

12.5 Neither **CONSULTANT** nor its employees, agents, or representatives shall be considered employees, agents, or representatives of **CITY**.

13 INSURANCE REQUIREMENTS:

13.1 **CONSULTANT**, as an independent contractor and not an employee of **CITY**, must carry policies of insurance in amounts specified and pay all taxes and fees incident hereunto. **CITY** shall have no liability except as specifically provided in this Contract.

13.2 **CONSULTANT** shall not commence work before: (1) **CONSULTANT** has provided the required evidence of insurance to Carson City Purchasing and Contracts, and (2) **CITY** has approved the insurance policies provided by **CONSULTANT**.

13.3 Prior approval of the insurance policies by **CITY** shall be a condition precedent to any payment of consideration under this Contract and **CITY'S** approval of any changes to insurance coverage during the course of performance shall constitute an ongoing condition subsequent this Contract. Any failure of **CITY** to timely approve shall not constitute a waiver of the condition.

13.4 Insurance Coverage:

13.4.1 **CONSULTANT** shall, at **CONSULTANT'S** sole expense, procure, maintain and keep in force for the duration of this Contract the following insurance conforming to the minimum requirements specified below. Until such time as the insurance is no longer required by **CITY**, **CONSULTANT** shall provide **CITY** with renewal or replacement evidence of insurance no less than thirty (30) calendar days before the expiration or replacement of the required insurance. If at any time during the period when insurance is required by this Contract, an insurer or surety shall fail to comply with the requirements of this Contract, as soon as **CONSULTANT** has knowledge of any such failure, **CONSULTANT** shall immediately notify **CITY** and immediately replace such insurance or bond with an insurer meeting the requirements.

Any deductible or self-insured retention shall not exceed \$5,000 per occurrence, unless otherwise approved by **CITY**.

13.5.6 **Policy Cancellation:** Except for ten (10) calendar days notice for non-payment of premium, each insurance policy shall be endorsed to state that; without thirty (30) calendar days prior written notice to Carson City Purchasing and Contracts, the policy shall not be canceled, non-renewed or coverage and /or limits reduced or materially altered, and shall provide that notices required by this paragraph shall be sent by certified mail to Carson City Purchasing and Contracts, 201 N. Compliance with the insurance requirements of this Contract shall not limit the liability of **CONSULTANT** or its sub-contractors, employees or agents to **CITY** or others, and shall be in addition to and not in lieu of any other remedy available to **CITY** under this Contract or otherwise. **CITY** reserves the right to request and review a copy of any required insurance policy or endorsement to assure compliance with these requirements.

**Subject: Scope of Work and Cost Estimate for Design Services for the —
Phase III Waterfall Fire Improvements Project.**

Dear Mr. Fellows:

Resource Concepts, Inc. (RCI) is providing this Scope of Work and Cost Estimate for the third phase of the Waterfall Fire Improvements project. The Phase III work is anticipated to include the following tasks (subject to funding limits):

1. Design

The Phase III design will include the following elements:

- Clearing and Grubbing.
- BMP's for water quality protection during construction.
- Removal of existing road and salvaging and later replacement of AC Grindings.
- Cut to fill to raise the road and to finish the grading of Basin #1 which was started with the Phase II work.
- Cut a portion of Basin #2 to complete the raising of the road.
- Installation of 36" diameter culvert pipe as a part of finishing Basin #1.
- Construction of a slow drain for Basin #1.
- Installation of erosion mat for the Basin #1 spillway.
- Placement of rock riprap for the Basin #1 spillway.
- Revegetation of all areas disturbed during construction.
- Miscellaneous minor work items related to the above work.

Approximately 12-14 plan sheets are anticipated to detail the design. Quantities will be calculated and an estimate of the cost of the work will be presented to the City. As a part of the

2010-09-20 final scope phase III 06-255.11 Carson City GM-id L9-34

design, field survey verification of miscellaneous project areas will be completed. If the estimated cost of construction is lower than the construction funding available, then one bid alternate will be added to the design. This will allow additional work to be accomplished.

The bid alternate will be to allow for additional grading so as to complete additional work on Basin #2. The bid alternate will be set up so that earthwork will be bid by unit price up to a not-to-exceed dollar amount (similar to a force account bid item) so that the additional work can proceed by units of work up to the budget limit of the funds available. Included in the bid alternate will be all related work including clearing and grubbing and revegetation.

Once City staff has reviewed the 90% design, the plans will be brought to 100%. The remainder of the contract documents will be completed including technical specifications, a bid schedule, special provisions, and special conditions. The compiled package will be submitted to the City for their use in preparing the bid package.

Deliverable/Outcome: 90% plans will be completed within 60 days with the remainder of the work contingent on the City's timing. Final deliverables include final plans, cost estimate, bid schedule, technical specifications, special provisions, and special conditions.

Once the project is out to bid, RCI will provide information as needed to the city so the city may respond to contractor's questions. Should an addendum be required, we will provide whatever information the city requires from us to prepare the addendum. We will attend the prebid conference to assist the city with responding to contractor's questions.

2. Wetlands Verification

The wetlands verification will encompass coordination with the Army Corp of Engineers (ACOE) to verify whether a permit will be needed for the outlet/alluvial fan area for the Premier Watershed (Basin #2 location). The actual site conditions do not correspond to ACOE criteria for a Waters of the U. S. and there are no wetlands in this area, so the ACOE will need to provide direction on their needs, if any. If a permit is required, this item of work will include preparing the applications and related documentation to submit to the Army Corp of Engineers (ACOE) and the Nevada Department of Environmental Protection (NDEP).

Deliverable/Outcome: Report and mapping of the areas of wetlands, ACOE application preparation, NDEP application preparation, and assistance with submittals.

3. Weed Assessment

There is an ongoing weed problem within the entire project area. This task will include a site assessment and map of the weed types and locations. State listed noxious weeds will be flagged and marked with GPS coordinates for treatment. The goal of this task is to define the specific and widespread weed problems so they can be addressed in the next phase of work.

Mr. Robert D. Fellows, P.E., Senior Project Manager
September 20, 2010
Page 3

Deliverable/Outcome: Report and mapping of the weeds, summary of findings, and recommendations for future action.

4. Construction Inspection

RCI anticipates that construction of the Phase III waterfall project will require part-time inspection of the project to assure the work is completed per the plans. It is anticipated that minimal inspection will be needed on the straightforward elements of work, with greater inspection required for the more unique features of the project. RCI will attend the preconstruction meeting as a part of this task. Construction inspection is based on six hours per week for twelve weeks.

Deliverable/Outcome: Attend weekly meetings whenever the city determines our presence is needed, provide periodic inspections as the work progresses, respond to construction questions as needed, and prepare change orders if any are needed. This item includes the preparation of one change order. Should additional change orders be required we will work with the city to determine any additional expenses to complete them.

5. Construction Staking and Calculations

RCI anticipates that construction staking will require 32 man-hours for our survey crew and 32 hours for office calculations. RCI will respond to the contractor's survey requests, as he needs staking. Should additional staking be required in addition to what is currently anticipated, then we will work directly with the city to determine the additional costs.

Deliverable/Outcome: Construction staking.

6. Record Drawings, Final Walk-through, and Reporting

RCI will prepare record drawings, limited to structure or design changes. RCI can assist with the final walk-through and prepare a final report following completion of the project for the City's use with the funding agency.

Deliverable/Outcome: Record Drawings and Final Report.

7. Project Coordination and Management

Project coordination and management will include all ongoing coordination efforts with the city and any agencies that may be involved with the work. Management will include processing of monthly invoices, updates on the status of the work as requested, coordination on any modifications of the work items determined necessary to meet the budget, preparation of a listing of work items anticipated for the next phase of work, and preparation of any conceptual planning maps for the next phase if determined necessary.
