### **2.14.010 - Introduction.**

As the demand for enhanced accountability and the increased examination of an adequate system of internal controls occurs in the public sector due to the Sarbanes-Oxley Act, so does the significance and importance of an audit committee.

The independence and objectivity between the Carson City audit committee and the city's management team ensures that internal controls are a key management objective of the city's operation. The Government Finance Officers Association and the Institute of Internal Auditors encourage the effective use of an audit committee in the public sector and considers this committee an integral element of public accountability and governance. The Carson City audit committee plays a key role with respect to integrity of the city's financial information; its systems of internal controls, the legal and ethical conduct of management and employees, and is an invaluable tool for ensuring that those responsible for financial management (management, auditors, and governing boards) meet the respective responsibilities for internal control compliance and financial reporting. Additionally, the Carson City audit committee provides a vehicle for open communications between the board of supervisors, the city management team, internal audit, and the independent external auditors.

*(Ord. 2008-10 § 3, 2008)*

### **2.14.020 - Purpose of the Carson City audit committee.**
