6. Report on Activities of the Carson City Community Emergency Response Team (CERT)

Lee Radtke reported that they will be having an evacuation exercise on May 5 and were doing preliminary work on it at this time. They will be evacuating the high-risk homes in Kings Canyon and the Carson City Middle School. The animal shelter for small animals will be set up, but the large animals will have to be left in their trailers. Lee asked Ray Saylo for a VIP

point of contact, which Ray said would be Ken Smith. In addition, the reserves will also be involved in this exercise as well as in its planning, and Ray said their contact person would be Tom Crawford. Lee said they have been working with Fire Safe and their manager for that area and also want to involve BLM as well as other agencies, as some of the people they've been talking to in the area would like more information. Lee said that they will be hand-delivering a letter to the residents in regard to this exercise beforehand and, then, on the day of the exercise, will activate the Code Red system as well as go house-to-house offering assistance if needed.

Lee said that they've created a new training plan, which is in final review, and have also received some information from FEMA on videos. So with this, they will be ready to conduct the CERT training for their 12-15 new members sometime in January. Lee mentioned to Ray that if the Sheriff's Office had any VIPs they wanted to run through this CERT training, they were invited to do so.

The CERT still conducts its planning meetings on the first Wednesday of each month and has all-members' meetings about every other month.

7. Report on Activities of the Medical Reserve Corps (MRC)

As Stacey Belt was not present at this meeting, there was no report on this item, other than Marena Works mentioning that the MRC now has just under 200 volunteers and was doing very well and Lee Radtke mentioning that there was good coordination between the MRC and the CERT.

8. Reports of Subcommittee Members

There were no reports.

9. For Possible Action: Next Year's Meeting Dates
