**Subject:** Thank you for your support - success on bike and ped grant

Richard, Marena, and Roger-

I am contacting you to express my appreciation for the support of your staff today at a key meeting for the funding of a bicycle and pedestrian project in Carson City.

Kevin Curnes, Cindy Hannah, and Vern Krahn were among those that joined me at a meeting of the Nevada Bicycle and Pedestrian Advisory Board (NBPAB) to secure \$225,000 in 100% Federal Safe Routes to School funding for a project on E. Fifth Street between Saliman Road and the Freeway overpass. With their support, we were able to get the NBPAB's recommendation to fund our project.

The support we received from your staff as well from members of the public and a local advocacy group was invaluable. Thank you again.

Patrick Pittenger, AICP, PTP
