Subject: FW: Sesquicentennial Tree Ring Idea?

Perhaps a Shade Tree Council agenda item...?? Just a thought.

Subject: Sesquicentennial Tree Ring Idea?

Marena,

I hope all is going well for you and the City. We received an interesting proposal today from Carson City resident Joy Davis about the possibility of dedicating a ring of a tree that was planted 150 years ago. Joy (775-684-6823) owns a historic home on Minnesota Street and recently had to cut down a cottonwood tree that was planted during the Civil War. She resident kept a large cut out of the tree ring and was interested in donating it to the city to have it placed in a park to mark the sesquicentennial. Joy informed us that she has an arborist who is able to stain the tree ring so it's able to last permanently but was wondering if the City would interested in placing this tree in a park.

Just a crazy idea on my end, perhaps this tree ring could dedicated at Fuji Park during the Sesquicentennial Fair to add some more exposure to event? From a Nevada 150 perspective we could include this tree ring as a legacy project and make a signature event to dedicate it somewhere. Just an interesting proposal please let me know what you think or if the City would be interested in this.

Thank You,

Scott H. Carey
