Greater Nevada Credit Union is located at 451 Eagle Station Lane and would like to make a general comment regarding the TPUD at 250 Eagle Station Lane.

Eagle Station Lane has a history of sewer related problems, with the line that runs East from Carson Street to the junction of Eagle Station Lane and Silver Sage Drive. This line runs directly in front of the TPUD and would presumably be the connection point for this development.

Hopefully, as part of the review process by staff, the impact on the existing infrastructure will be taken into consideration and that the development, if allowed to proceed does not exacerbate an existing problem.

Sincerely

Philip Wade for Greater Nevada Credit Union.
