**23(B) DISCUSSION AND POSSIBLE ACTION TO DETERMINE IF STAFF SHOULD PROVIDE ALL BOARD MEMBERS WITH INFORMATION PROVIDED TO ONE MEMBER (10:40:50)** - Mayor Crowell introduced this item. Mr. Marano provided background information, and reviewed the agenda materials. He advised of having received email correspondence from Andrea Engleman and, at Mayor Crowell's request, read the same into the record. A copy of the correspondence was provided to the Clerk for the record. Mayor Crowell offered Supervisor Shirk the opportunity to provide an overview of the subject item. Supervisor Shirk advised of having discussed his proposal with District Attorney Jason Woodbury, and read into the record portions of email correspondence from Mr. Woodbury. In response to a question, Ms. Fralick advised that “as long as everybody gets the same information and the same information is provided to the public, then you are complying with the Open Meeting Law.” Ms. Fralick cautioned against polling and deliberation prior to public meetings, however. Supervisor Shirk expressed the belief that “the sharing of information about agenda items is ... relevant to the discussion. It helps people make up their mind and to see clearly something else. Because one question, one answer may spark an interest going the other way.” He expressed the opinion that the Board members are entitled to information provided by staff to any individual Board member, and read a prepared statement into the record.

In response to a previous statement, Mayor Crowell pointed out the distinct difference between the public meeting process and an advocacy process in a criminal case. He discussed the responsibility of individual Board members to conduct their own due diligence relative to each agenda item. “... each Board member owes a duty to the public to do their own due diligence.” He expressed serious concern over the potential of the proposal to violate the Nevada Open Meeting Law. He was unwilling as to “the merit in running that risk for something like this.”

Supervisor Bonkowski expressed agreement with Mayor Crowell's comments, and expressed adamant opposition to Supervisor Shirk's proposal for the following reasons: “First, it's going to stifle initiative on

**CARSON CITY BOARD OF SUPERVISORS**  
**Minutes of the September 17, 2015 Meeting**  
**Page 12**

the part of the members of the Board by making your casual conversations with staff public.” He reviewed his due diligence process. “It also allows Board members to sit back and not do their homework. ... It's our job to do our job and ... we have adequate time and we have a good system in place to be able to do that.” “Finally,” Supervisor Bonkowski expressed serious concern “that this is going to violate the Open Meeting Law because, as part of the public record, you're going to put out each one of our thoughts on an issue prior to the meeting, sometimes as much as a week before the meeting which is going to generate interest by the other Board members on items they may not have thought of. They are then going to deliberate or initiate conversations about that which is a violation of the Open Meeting Law.” Supervisor Bonkowski reiterated the opinion that “the system we have in place is good; it's adequate; it provides us the information we need.” He reiterated adamant opposition to the proposal.

Supervisor Abowd expressed agreement with Mayor Crowell's and Supervisor Bonkowski's opinions, and adamant opposition to the proposal. She expressed additional opposition to “being put in harm's way by having all this information disseminated ahead of time. ... It does lead to deliberation.” In reference to the portions of Mr. Woodbury's email correspondence read into the record by Supervisor Shirk, Supervisor Abowd agreed that “it is the City Manager's duty, obligation, job description to determine what needs to go out to the Board and what does not.” Supervisor Abowd reiterated opposition to changing the current procedure.

Supervisor Bagwell stated that “the most important thing is public access,” and “applaud[ed] Jim for trying to look for transparency ... and to provide the most information to the public ...” Supervisor Bagwell expressed the belief that sharing “the information of each Board member in advance of the meetings, we are opening ourselves up to liability.” She expressed the desire for “as much public transparency as possible while I protect the public from anything we might do that would cost them in a lawsuit.” In reference to her process for reviewing the Board's agenda materials, she advised of having not received “a single response” to her questions posed prior to the meeting. She expressed the opinion that “the public process is working the way that it is and we're protecting both sides of this issue.”

Supervisor Shirk advised of never having requested the subject item be agendized, and expressed respect for each of the Board members' opinions and processes.

Mayor Crowell entertained a motion. **Supervisor Bonkowski moved to direct the City Manager to provide all Board members only information that contains material facts that impact published agenda items. Supervisor Abowd seconded the motion.** Supervisor Bagwell suggested an amendment to indicate **that the information be labeled as “Late Material” for public review. Supervisor Bonkowski so amended his motion. Supervisor Abowd continued her second.** Mayor Crowell entertained discussion on the motion and, when none was forthcoming, called for a vote.
