

Help Them Care For Each Other

A young girl and her first sapling. She will plant it and give it all the care it needs to become a strong and healthy tree.

Little does she know that the tree will return many benefits for her efforts. Not just by being a beautiful decoration for her

home and neighborhood, but also by cooling the house, protecting her from cancer causing UV rays, cleaning the air she breathes and being a creative and spiritual inspiration, on top of a long list of other benefits.

Become a Member of the Carson City Shade Tree Council!

The Shade Tree Council provides advice to the Board of Supervisors on matters concerning the development, maintenance, management and promotion of a safe, healthy and attractive urban forest in Carson City.

There are currently four (4) open positions on the Shade Tree Council. If you are interested, please obtain further information and a Volunteer Application at

Carson City Executive Offices
