

**OPEN SPACE ADVISORY COMMITTEE
AND
PARKS AND RECREATION COMMISSION
STAFF REPORT**

MEETING DATE: May 2, 2017

AGENDA ITEM NUMBER: 3A

STAFF: Ann Bollinger, Open Space Administrator

REQUEST: Discussion only regarding Parker Lehmann's Eagle Scout project for C-Hill.

GENERAL DISCUSSION: Mr. Parker Lehmann, son of Parks and Recreation Commissioner Sean Lehmann, will discuss his Eagle Scout project for C-Hill. In a meeting with staff, Parker expressed an interest cleaning up the area and re-painting the rocks so they are visible from town. Parker will share details and the attached powerpoint presentation regarding the project with the Committee and Commission. Park Ranger John Costello is the staff member who is assisting with the planning and project implementation.

RECOMMENDED ACTION: This agenda item is for informational purposes only. No formal action can be taken at this time.

Eagle Scout Project

Parker Lehmann 2017

Introduction

Hello, my name is Parker Lehmann and I am looking for approval of my Eagle Scout project. My plan for the project is to fix the C on the hill and then repaint it. This will help create a better looking community for everyone.

**How The "C" On C-Hill Looks
Currently**

Currently**

What Will We Do?

After reaching the C, the other boys along with myself will weed and move the rocks back into place. We also need to remove the vegetation growing on the site. I will then come back with an air compressor and use donated paint to paint the C.

What Will I Need?

I have some shovels and gloves, but I will need to borrow some things. I will need multiple tools like shovels, rakes, etc. I will also need a lot of working gloves for all of the scouts.

Transportation

The way we are hoping to access the C is the road behind Greenhouse Garden Center. The top of this road is a quarter mile from the C.

When Will it Be?

The date my troop and I have arranged for is Saturday, June 10. This was the best possible date in June because of holidays and other events scheduled on other Saturdays.

Safety

After we reach the top, I will give a safety talk about using all of the equipment correctly and how to walk to the C with it so that no one will get hurt.

Who Is Involved?

The people who helped me with this project are John Costello and Ann Bollinger. Thank you for helping me with this and also thank you to Open Space and Parks And Recreation for this opportunity.

Questions?

Is there any questions about my project?
