In reference to the notice received. Based on the map indicating industrial zones, and being residents in the Bryan Circle area of the Lompa Lane border to one of those zones , this raises great concerns as to exactly where any marijuana facility would be allowed to operate.

We live in a residential area of Northeast Carson City, across from the Catholic church. Our concerns are over the potential for increased crime and traffic in this area.

Please take our concerns into account when authorizing the placement of such facilities. We are lifelong residents of Carson City, and would not desire to have any such facilities near our neighborhood.

Thank you,
Robert and Donna Morgan

Re: Marijuana Distribution facility

Dear Planning Members:

I am a commercial owner of property on Research Way, Carson City, Nv.

One of my tenants is a gymnastic school and I do not think it appropriate to have a Marijuana distribution facility in this area.

Please reconsider any plans to have this business near our business.

Sincerely,

Gwyn Walsh

Petition results for Carson City Planning Commission's "Zoning Code Amendment" notice for File No. ZCA-17-100.

We were able to contact 81% ($154 \div 191$) of residents living in Quail Run Senior Community.

92% ($141 \div 154$) of those residents oppose the zoning change.

8% ($13 \div 154$) of those residents approve the zoning change or remain neutral.

Reference is made to Carson City Planning Commission's "Zoning Code Amendment" notice for File No. ZCA-17-100.

Quail Run Seniors Resort Community consists of 129 homes and is located on the northwest corner of Fairview Drive and Saliman Road, within the proposed Limited Industrial Zoning District as outlined in your notice mentioned above.

We, the undersigned residents of Quail Run, disagree with not only the zoning change for marijuana distributors, but disagree with permitting any businesses pertaining to marijuana cultivation, manufacturing warehousing and retail sales in this area.

We take pride in our community and feel our property values and future house sales would be greatly impacted by this zoning revision. Also, one high school and two elementary schools are located within a short distance of the LI zoning area along Fairview ~~Avenue~~ Drive.

 Subject: ZCA-17-100 Zoning Code Amendment LI

To Planning Commission:

We are writing this letter in response to the letter sent to us by the City regarding the proposed Zone Change Amendment to allow marijuana establishments in Limited as well as General Industrial Zoning. We own a residence on Conestoga Drive and also own an acre lot on Danielle Drive, both of which are less than 300 feet from Limited Industrial Zoning.

The proposed zone change amendment greatly concerns us, as it adds a new and potentially detrimental usage to the Limited Industrial Zone, which directly abuts Residential Zones in many areas of the City. In addition to the usual concerns with marijuana establishments (crime, increased truck traffic on neighborhood streets, noise, light pollution, public safety, environmental toxins, decreased neighboring property values, etc.), I am mainly concerned about two items: odor control, and increased pollen and mold pollution. Escaping odor has depressed property values in many areas where marijuana establishments are allowed. In addition, mold and marijuana allergies are becoming more recognized and severe, while injections to control mold and marijuana pollen allergies have not been developed.

In a Memorandum for the Board of Supervisors Meeting of April 17, 2014, Mr. Plemmel, head of the planning department, recommended that a buffer zone of 300 feet be established to protect residences from Medical Marijuana Establishments. A 300-500 ft buffer zone would seem reasonable since in many areas Residential zoning directly adjoins Limited Industrial, but the planning staff's buffer recommendation was not adopted.

In closing, I would like to point out that the application for zoning change amendments has listed as "required findings", that "the proposed amendment will provide for land uses compatible with existing adjacent land uses and will not have detrimental impacts to other properties in the vicinity." Furthermore, the same document states, "Look at the proposal objectively. Try to consider what you would feel if you lived next door and someone were proposing this change of zoning code next to your business or home."

Sincerely,

Chris and Adrienne Freeman
