---

I have talked to the parties involved and am ok giving them the variance.

The other issue is Northgate Lane from 580 bridge to Arrowhead. The street is in tough shape, funds were given to the city to rebuild the road after the construction of 580. What happened?

All the other streets off Northgate were seal coated over the last few years. The main feeder street is in tough shape.

If you don't want to fix Northgate Lane what happened to the dedicated funds to repair the road?
