R134-17 - CHIEF GAME WARDEN TYLER TURNIPSEED.** The commission will consider adopting a regulation relating to amending Chapter 503 of the Nevada Administrative Code. This regulation would prohibit a person from collecting shed antlers at any time during a year unless the shed antlers are collected by the person from the field from April 15 to December 31, inclusive, of that year. *The workshop was held in Carson City on November 3, 2017. The commission directed the Department to amend the antler season closure to January 1 through March 31, inclusive. The commission also directed the Department to include an hours limitation for the months of April and May to be open from 10 a.m. to sunset. All of these restrictions would apply to public lands in Elko, Eureka, Lander, Lincoln, Nye, and White Pine Counties.*

(4:14:35) – Chairperson Boehmer introduced the item and explained that he had received three emails from members of the community, especially regarding starting the season in April. Vice Chair Martin stated that he had watched the Commission meeting video and was in support of the agenda item. He reported on conversations with other county wildlife advisory board chairs, which cited incidents of commercial harvesters, reported “harassing wildlife and putting them under stress”. Both members Green and Yanuck were in agreement that commercial enterprises were the issue and not the local collectors. Chairperson Boehmer favored the regulation; however, he was bringing the concern to the Board as requested by community members. Chairperson Boehmer entertained a motion and noted that public comment will be taken after the motion.

**(4:26:29) – MOTION: I move that the Carson City Wildlife Advisory Board Support the regulation as proposed and make it known to the Commission at the next meeting.**

(4:27:10) – Jim Davis of the Clear Creek Bowmen indicated his support of the proposed regulation, adding that due to regulations in states surrounding Nevada, most collectors prefer to collect in Nevada because no license or tag requirement. Mr. Davis believed that the collectors “harass the elk”. There were no additional public comments. Chairperson Boehmer called for the vote.

**8-F. For Possible Action: COMMISSION GENERAL REGULATION 440, TRAIL CAMERAS AND OTHER DEVICES, LCB FILE NO. R012-16 - CHIEF GAME WARDEN TYLER TURNIPSEED.** The commission will consider adopting a regulation relating to amending Chapter 503 of the Nevada Administrative Code. The proposed regulation change is intended to restrict the use of motion and heat sensing cameras that are left for a period of time, and not held in the hand. The proposed language would prohibit (with certain exemptions) the use of trail cameras within 200 feet of a spring, water hole, or artificial basin, from August 1 to December 31 of each year. The proposed language would further prohibit the use of transmitting trail cameras at any location, from August 1 to December 31 of each year. *The commission held a workshop on March 25, 2016, and directed the Department to remove previously drafted language prohibiting the use of trail cameras only for the purposes of scouting or hunting. A second workshop was held in Carson City on November 3, 2017. The commission directed the Department to prohibit the use of transmitting trail cameras at any time during the year, to prohibit the use of trail cameras within 300 feet of a water source, from January 1 through July 31, and to prohibit the use of any trail camera from August 1 through December 31.*

(4:29:07) – Chairperson Boehmer introduced the item and noted that this item had been previously addressed by the Commission. Vice Chair Martin noted that over 300 cameras were being used for big game and noted that installing cameras on public lands to sell a service and to make a profit. He also cited an example of how an archery hunter had witnessed the harassment of wildlife, adding that he interpreted the regulation as allowing a camera on private property such as a campsite for surveillance of personal property. Member Green was in agreement with Vice Chair Martin and indicated that drones used by guides should also be addressed, without prohibiting nature photography. Member Yanuck inquired about enforcement and suggested addressing identification and possible confiscation during the Commission Meeting. Chair Boehmer expected a policy “later on down the road” and was in favor of consequences. Member Green suggested confiscating the cameras and leaving information on where to pick them up. Member Stewart spoke in favor of having ownership information on each camera. Chairperson Boehmer entertained a motion.

**(4:38:28) – MOTION: I move that the Carson City Wildlife Advisory Board support this [regulation] as written.**

**PUBLIC COMMENT**

(4:40:16) – Mr. Law preferred to have the cameras removed in July to allow time between the removal of the cameras and the archery hunts that start on August 1 to “prevent a stampede the day before a hunt”. Vice Chair Martin wished to amend his motion.

(4:42:03) – AMENDED MOTION: I move to let the Department [of Wildlife] know that we support this [regulation] in concept; however, after looking at the seasons and getting local input, we would like to start it on July 1 instead of August 1, and end it on December 31. The seconder accepted the amended motion.

(4:44:10) – Chairperson Boehmer introduced the item and referenced the proposed amendments as part of the Commission’s agenda materials. Vice Chair Martin suggested taking input from the sportsmen in the audience and Chairperson Boehmer entertained public comment.

#### PUBLIC COMMENT

(4:45:58) – Mr. Davis reintroduced himself and believed that the archery season was getting “squeezed out” with “more rifle hunters wanting to hunt the rut”. He also requested maintaining the season dates they’ve had in the past for archery hunters. Vice Chair Martin clarified that the archery bull hunt season dates “are exactly the same as last year”, and that no changes were proposed. He also reviewed the changes that were being proposed, noting that they did not impact Mr. Davis’ constituency of archers.

(4:56:35) – Mr. Law also reintroduced himself and expressed his agreement to Mr. Davis’ request. He believed that a much cooler September season was preferable. Discussion ensued regarding rifle hunts at the same time. There were no additional public comments.

(5:02:47) – Vice Chair Martin relayed a personal hunting experience and noted the overcrowding of the area which had led to an “elk exodus”, requesting that the dates change to ensure that the “bulls eye hunts or the wilderness only hunts” not overlap with regular cow hunts. Discussion ensued regarding overcrowding hunts and the fact that “it takes away from the experience” and creates safety issues as the scouts encroached upon the archery hunters. Chairperson Boehmer also discussed the difference between management projections and increased elk population. Vice Chair Martin noted that having an early/late hunt may work well.

(5:23:50) – Chairperson Boehmer entertained discussion on other species or quotas and Vice Chair Martin noted that the proposed changes were mostly for the elk hunts. Chairperson Boehmer entertained a motion.

**(5:24:32) – MOTION: I Move that the Carson City Wildlife Advisory Board support the concepts of the Department but we recommend that they create more late season cow hunts and make those seasons later, especially in those areas where they are having overcrowding and conflicts with other hunts, such as the 061 and 071 cow late hunts.**

#### PUBLIC COMMENTS

(5:26:10) – Mr. Davis noted his agreement to the motion and cited examples of overcrowding. There were no additional comments. Chairperson Boehmer called for the vote.
