Subject: Planning Commission Meeting on 10/24/2018 - Special Use Permit - Marijuana Cultivation Facility - File #SUP-18-132 & SUP-18-147

This message originated outside of Carson City's email system. Use caution if this message contains attachments, links, or requests for information.

This e-mail is in regards to the Carson City Planning Commission's public hearing meeting to be held on Wednesday, October 24, 2018, concerning the marijuana cultivation and production facility to be located at 5700 Morgan Mill Road, Carson City. We have the following two concerns relative to the placement of this business near our residential neighborhood:

- 1) Concerns about criminal activity taking place while the business is open during the day as well as burglaries and other crimes occurring during night time hours.
- 2) Concerns relative to traffic congestion, collisions and excessive noise that may adversely affect the surrounding residential neighborhood environment.

Although we are unable attend the public hearing concerning this matter, we wanted to bring our concerns to the attention of the Planning Commission Members.

Thank you for giving us this opportunity to express our concerns relative to the above special use permit.

James and Roxanne Young
2150 N. Deer Run Road
