

STAFF REPORT

Agenda Item: 3A

Report To: Open Space Advisory Committee

Meeting Date: August 19, 2019

Staff Contact: Gregg Berggren, Trails Coordinator

Agenda Title: For Discussion Only: Review and discussion regarding Kyle Navarro's Eagle Scout project for the Waterfall Trail.

Staff Summary: See below

Agenda Action: Other/presentation

Time Requested: 10 Minutes

Mr. Kyle Navarro will discuss his Eagle Scout project for the Waterfall Trail. In a meeting with staff, Kyle expressed an interest in improving the safety of the trail by assisting with the widening of the trail at the approach to the waterfall. In his PowerPoint presentation, Kyle will share his proposed project which will include adoption of the Waterfall Trail by Boy Scout Troop 341. Two previous Eagle Projects by Troop 341 created this trail, so it seems appropriate that they adopt the trail for the long-term. Trails Coordinator Gregg Berggren is the staff lead who is assisting with the planning and project implementation, and Clay Grub with the Tahoe Rim Trail Association is the technical advisor for the rock work.
