THE REASON I HAD MY HOME

THIS FOR AS LONG AS IT MAY
TAKE.

Subject: Rezoning of Butti Way

This message originated outside of Carson City's email system. Use caution if this message contains attachments, links, or requests for information.

To whom it may concern,

Hello, My name is Lorann Service and I am a home owner on Desatoya Drive. This email is in regards for zoning the property on 3410 Butti Way to a Multi-Family Apartments.

My concerns for this zoning are numerous. One is traffic. Traffic is already heavy on all neighboring streets. Kids have to walk to Eagle Valley Middle School, Empire Elementary, and Carson High School, increasing traffic on all these streets are concerns for buses, children walking, and or riding bikes, and parents trying to get kids to school in the morning and after school. These commutes at both these times are horrific as it is, adding more would just cause more backup. Two, is crowding at surrounding schools. They have already just rezoned schools due to overcrowding, changing this again, is just disruptive to children and parents. Three, would be the increase of water and sewer yet again. Adding more is another concern. Four, the blind spot on Airport Rd and Desatoya would increase the traffic flow, as it is already a dangerous spot to turn in and out of.

I feel the use of possibly duplexes and or single family homes would be more accommodating to this area. More stability of people buying homes and or duplexes instead of transit people moving in and out of apartments, not including eyesores that some apartment complexes cause, including garbage run down buildings, graffiti and parking issues.

I would hope you would take my concerns as a home owner with children and the concerns of other neighbors in this area when planning out this zoning. I appreciate your time and reviewing my thoughts and concerns in this matter. If you have any questions I am happy to discuss this with whomever is willing to get in touch with me.

Thank You,

Lorann Service
