PRESENT:

Mayor Robert Crowell
Supervisor Stacey Giomi, Ward 1 (via WebEx)
Supervisor Brad Bonkowski, Ward 2
Supervisor Lori Bagwell, Ward 3
Supervisor John Barrette, Ward 4

STAFF:

Nancy Paulson, City Manager
Stephanie Hicks, Deputy City Manager
Dan Yu, Assistant District Attorney
Tamar Warren, Senior Public Meetings Clerk

NOTE: A recording of these proceedings, the Board's agenda materials, and any written comments or documentation provided to the Clerk, during the meeting, are part of the public record. These materials are available for review, in the Clerk's Office, during regular business hours. All meeting minutes and audio recordings are available for review at: <https://www.carson.org/minutes>.

1 - 3. CALL TO ORDER, ROLL CALL, AND PLEDGE OF ALLEGIANCE

(8:33:39) – Mayor Crowell called the meeting to order. Ms. Warren called roll and noted that a quorum was present. Mayor Crowell led the Pledge of Allegiance.

4. PUBLIC COMMENT

(8:34:57) – Mayor Crowell entertained public comments. Ms. Paulson read into the record two public comments, received via e-mail and incorporated into the agenda materials. Bepsy Strasburg referenced her May 20, 2020 article in the Nevada Appeal and urged the City “to reopen and with a well-documented plan in advance” in order to “raise the confidence level and hope for our residents.” Mayor Crowell clarified that the opening and closing criteria were based on “a state act...done under the emergency authority of the State”, adding that local governments can be stricter than the state; however, they could not have looser guidelines. He also noted that the State plan is available on its website.

(8:37:48) – Steven Jaureguy wrote in opposition to the five-cent diesel tax stating that it would “target a minority of Carson road users.” He recommended a small increase on all grades of fuel instead and expected loss of revenue as a result of the tax increase as people would purchase their fuel elsewhere. Supervisor Bonkowski noted that currently no money is passed through to local governments from the sale of diesel fuel, thus creating an inequity relating to electric and diesel vehicles that drive on City roads. He clarified that the authority to implement fuel taxes is given to the local governments via legislative action. Supervisor Bonkowski also indicated that the tax is supported by the trucking and construction industries and will provide a safe place to park for the long-haul truck drivers.

(8:43:03) – Two callers had technical difficulties providing public comment. Mayor Crowell recommended hearing the public comments when they “dial back in.”

(8:43:24) – Kristy Scott introduced herself and provided comments on the Carson Rifle and Pistol Range fee schedule. Ms. Scott explained that two bays had been reserved by a business for unlimited number of reservations and wished to see those fees addressed. She also complimented the renovations taken place calling them “absolutely fantastic” and thanked the City. Ms. Scott informed the Board of a cleanup issue resulting from a group that was using watermelons as targets. Additionally, she recommended a fee moratorium due to loss of business as a fallout from the COVID-19 pandemic. Mayor Crowell thanked Ms. Scott and invited her to listen to the Range discussion further down on the agenda.

Mr. Moen also reminded the Board that the Airport had received a \$69,000 CARES Act grant in April, 2020 and that the 2020 Airport Improvement Grant would not require a local match, saving the Airport \$70,000. Mayor Crowell entertained a motion.

(9:01:18) – Supervisor Bagwell moved to accept the 2020-2025 ACIP for the Carson City Airport. The motion was seconded by Supervisor Barrette.

(9:01:50) – Mayor Crowell introduced the item. Purchasing and Contracts Administrator Carol Akers noted that there would be “a correction to the budgeting account.” City Engineer Dan Stucky presented the Staff Report, the accompanying Bid Tabulation Report, and referenced the attached contract. Mr. Stucky also responded to the

Board's clarifying questions, noting that the appropriate funds will be used for each part of the project. Mayor Crowell entertained a motion.

(9:04:28) – Supervisor Bonkowski moved to award contract number 19300151 as presented. The motion was seconded by Supervisor Barrette.

(9:04:43) – Supervisor Bagwell recommended amending the motion to state the approval was “**as presented with the corrections in the funding sources.**” She also wished to inform members of the public that the expenditure would not utilize General Fund dollars. Mayor Crowell called for the vote.

14.B FOR POSSIBLE ACTION: DISCUSSION AND POSSIBLE ACTION REGARDING A DETERMINATION THAT EDGE COMMUNICATIONS, INC., IS THE LOWEST RESPONSIVE AND RESPONSIBLE BIDDER PURSUANT TO NRS CHAPTER 338 AND WHETHER TO AWARD CONTRACT NO. 19300135, ROOP STREET FIBER OPTIC PROJECT TO EDGE COMMUNICATIONS, INC., FOR A TOTAL NOT TO EXCEED AMOUNT OF \$264,495.

(9:05:50) – Mayor Crowell introduced the item. Ms. Akers noted an incorrect budget account number listed in the contract document, stating it had been revised. Mr. Stucky gave background on the project and presented the Staff Report which is incorporated into the record. He also introduced Acting Chief Information Officer James Underwood and Public Works Operations Manager James Jacklett who were participating remotely.

(9:08:40) – Mr. Jacklett described the project and noted that it will create “a ring and a redundancy, that way our critical services aren’t able to fail due to a disruption of that fiber.” Mr. Jacklett likened it to having more than one connection to a water line in order not to disrupt usage during maintenance or repairs. He also believed that the connection will reduce maintenance and operating costs as the City’s technology needs expand. Ms. Akers approximated the reduced scope of work savings to be around \$32,000 by not connecting the training facility located at the Fire Station 52 site. Supervisor Bonkowski recommended bringing the item back should there be contract savings in order to complete the project. Supervisor Bagwell recommended using funds from the “Break Fix Account” to complete the project instead of having a temporary fix. Chief Financial Officer Sheri Russell noted that the “Break Fix Account” contained over \$100,000.

(9:15:04) – Mr. Jacklett estimated that \$2,000 would be needed for the temporary solution with a five-year life cycle. Mr. Underwood believed that the installation would require an additional \$500, making the total \$2,500. He also believed that any repairs to the Fire Station 52 parking lot could save additional dollars by including the

fiberoptic installation in the project. Mr. Yu advised that modifying the funding mechanism would be allowed based on the agenda title. Mayor Crowell entertained a motion.

(9:18:10) – Supervisor Bagwell moved to award the contract with an additional \$35,000 to accomplish the [Fire Station 52] Training Center fiberoptic connection. The motion was seconded by Supervisor Barrette.

(9:18:41) – Supervisor Bonkowski suggested amending the motion to “specifically address line items 12, 13, and 15 in the original bid.” Both the mover and the seconder agreed to the amendment. Mr. Yu requested several minutes “to review this agenda title.” Supervisor Barrette believed “we’re being penny-wise and pound-foolish if we don’t do it this way.” Mr. Yu noted that the agenda title included a “total not-to-exceed amount” which he believed “falls outside the scope of what the agenda title calls for.” Supervisor Bonkowski received confirmation that “there’s no inequity, as far as the two bidders, they both had the information and scope of work and they both bid those three-line items.” Ms. Akers explained that initially they had not received a bid and had provided an additional two weeks to receive the current bids. Supervisor Bagwell recommended reagendizing the item with the revised figures at the next Board meeting, and Mr. Yu was in agreement. Supervisors Bagwell and Barrette agreed to withdraw the motion and the second. Mayor Crowell noted the agenda will be revisited at the next meeting. Supervisor Bagwell suggested having a second option for the Board’s consideration agendized in the future for similar cases.

14.C FOR POSSIBLE ACTION: DISCUSSION AND POSSIBLE ACTION REGARDING A DETERMINATION THAT ASPEN DEVELOPERS CORP., IS THE LOWEST RESPONSIVE AND RESPONSIBLE BIDDER PURSUANT TO NRS CHAPTER 338 AND WHETHER TO AWARD CONTRACT NO. 19300168, CARSON RIVER TRAILS SYSTEM PHASE 2, TO ASPEN DEVELOPERS CORP., FOR A TOTAL NOT TO EXCEED AMOUNT OF \$1,211,500, PLUS AN ESTIMATED 14.5% CONTINGENCY AMOUNT OF \$175,891, FUNDED BY A SOUTHERN NEVADA PUBLIC LANDS MANAGEMENT GRANT.

(9:25:35) – Mayor Crowell introduced the item. Ms. Akers presented the Staff Report and recommended approval. Supervisor Bonkowski inquired whether Staff had concerns since the lowest bid had been considerably lower than the rest. Mr. Stucky explained that the City had worked with Aspen Developers Corp. previously and that they must build per plan, and working with inspectors. At Supervisor Bonkowski’s request, Mr. Stucky reviewed the City’s change order process which must be approved prior to any work being done. Mayor Crowell noted that he had received inquiries on why the irrigation work on Washington Street “was not done until just about two weeks ago?” Mr. Stucky wished it could have been done earlier; however, the project had had challenges and noted that “it’s taken care of now.” Mayor Crowell entertained a motion.

(9:30:44) – Supervisor Bonkowski moved to award contract number 19300168 as presented. The motion was seconded by Supervisor Bagwell.

15. PARKS AND RECREATION

15.A FOR POSSIBLE ACTION: DISCUSSION AND POSSIBLE ACTION REGARDING A PROPOSED FEE SCHEDULE FOR THE CARSON CITY RIFLE AND PISTOL RANGE (RANGE), TO BE EFFECTIVE JULY 1, 2020, AND WHETHER TO AUTHORIZE THE FINANCE DEPARTMENT TO DIRECT ALL REVENUES INTO A DESIGNATED ACCOUNT FOR FUTURE OPERATIONS, MAINTENANCE AND MANAGEMENT OF THE RANGE FACILITIES.

(9:31:28) – Mayor Crowell introduced the item. Parks and Recreation Director Jennifer Budge gave background and presented the Staff Report, incorporated into the record, which included the proposed fee schedule developed by the Range Task Force and a market analysis on similar fees. She thanked the Range Task Force, this Board, Staff, the Nevada Department of Wildlife (NDOW) [for their grant], Quick Space for donating on-site storage, adding that the improvements have been well-received by members of the public. Ms. Budge noted that a grant for electronic fee collection kiosks had been submitted to NDOW; however, the interim solution would be to have “iron rangers” for fee collection in an envelope. In response to a question by Supervisor Giomi Ms. Budge noted that an old resolution affecting all Parks and Recreation venues states non-profit organizations will receive a 75 percent discount and that “commercial users should cover 100 percent of direct costs for the operation.” Ms. Budge also indicated that the Open Space Advisory Committee and the Parks and Recreation Commission are working jointly on updating the policies in the resolution.

(9:30:28) – Ms. Budge recommended revisiting the fee schedule in a year, noting that the goal at this time was to recover at least half of the operating costs. Supervisor Giomi believed that the facility should be used by the citizens instead of having the commercial enterprises dominate the use of the facility. Supervisor Bagwell clarified that the Range Task Force and the Parks and Recreation Commission had reviewed the fees and had recommended approval by the Board of Supervisors. Ms. Budge explained the process to verify veterans’ disability status to mayor Crowell and was amenable to working with the Assessor’s Office to verify their disability status and provide discounts.

(9:41:04) – Supervisor Bonkowski reviewed the public comments provided by Ms. Scott (agenda item 4). Ms. Budge clarified that a reservation policy had been drafted which would make 50 percent of the usage available to the general public. Discussion ensued regarding the responsibility for cleanup and Ms. Budge stated that Staff will check the area after the reserving party leaves. She also noted that Staff relied on the rangemasters and volunteers to report the issues such as watermelon use by the public. Ms. Budge explained that the Range no longer had a non-profit partner to absorb operational costs; however, the fee collection was important “to keep the facility maintained to the standard it is today” and to purchase items such as targets.

(9:44:52) – Supervisor Bagwell was not in favor of delaying commercial fee collection “and yet charge the public.” She also requested that Ms. Budge look into all-day reservations at four-hour increments and wished to ensure that all commercial entities in Carson City receive their four-hour block reservations. Ms. Budge explained that the current policy allowed having reservations for up to a year and Supervisor Bagwell recommended revisiting the policy in a year, possibly with the key stakeholders. She also thanked the Range Task Force, the participating public, and Supervisor Bonkowski for their hard work and regretted not being able to “finish the [planned] big fundraiser” which included sponsorship opportunities.

CARSON CITY BOARD OF SUPERVISORS

Page 8

(9:51:44) – Mr. Yu explained that a business impact analysis was not required in the fee recommendation because he had been informed that “the primary group of users [impacted by the fee schedule] would be individuals and not businesses.” He also recommended requiring a business impact analysis if future fee schedules were done for businesses only, as required by State law. Mayor Crowell entertained a motion.

(9:53:56) – Supervisor Bagwell moved to approve the fee schedule to be effective July 1, 2020 and authorize the Finance Department to direct all revenues into a designated account for future operations, maintenance and management of the Range facilities. The motion was seconded by Supervisor Bonkowski.

(9:54:38) – Supervisor Bagwell wished to clarify on the record that the commitment was made in the Range Task Force to reserve the collected fees in a special fund to spend on Range maintenance only. Carson City Chief Financial Officer Sheri Russell clarified that a separate account had been set up in the General Fund for the range fees; however, she noted that per Ms. Budge’s comments, the expectation was that fees would cover half the expenses of the range; however, should any money be left over, it will be used for the range. Mayor Crowell called for the vote.

PURSUANT TO (NEVADA REVISED STATUTE) NRS 549.020, THIS RESOLUTION MUST BE ADOPTED BY UNANIMOUS VOTE OF THE BOARD OF SUPERVISORS.

(10:23:01) – Mayor Crowell introduced the item. Ms. Russell summarized the Staff Report noting that NRS 549.020 requires the Board of Supervisors to levy a tax rate of not less than 1 cent and not more than 5 cents per \$100 of assessed valuation within the county for cooperative agricultural extension work. The 1.28 cents per \$100 assessed valuation ad valorem tax rate requested was the same levy rate from prior years. There were no Board comments. Ms. Russell noted that the cooperative extension team was aware of its “undesignated balance.” Mayor Crowell entertained a motion.

(10:24:40) – Supervisor Bonkowski moved to adopt Resolution No. 2020-R-12 designating the assessed ad valorem tax rate at 1.28 cents per \$100 of Assessed value. The motion was seconded by Supervisor Bagwell. Mayor Crowell entertained additional discussion and when none were forthcoming, a vote.

(10:25:07) – Mayor Crowell introduced the item highlighting the approximately \$250,000 savings to the City. Ms. Russell noted that the savings will be even higher because she had been informed that the expected 1.6 percent interest rate was now confirmed at 1.27 percent. She also stated that the approval had been received by the Department of Taxation, in accordance with NRS 350.089, adding that John Pedersen, JNA Consulting Group, LLC Vice President and Ryan Henry, Attorney with Sherman and Howard, LLC were remotely attending the meeting to respond to questions. He noted that no applications for Hardship Determination were received to date; therefore, no action was required by the Board at this time. Mr. Plemel also clarified that the Determination is not a fee waiver, but a deferment (with interest) for payment at a later date.

25.B PUBLIC HEARING: FOR DISCUSSION ONLY: PUBLIC HEARING REGARDING THE FILING OF THE FY 2021 ASSESSMENT ROLL FOR THE DOWNTOWN NEIGHBORHOOD IMPROVEMENT DISTRICT (NID), TO CONSIDER WRITTEN OBJECTIONS CONCERNING THAT AREA TO BE ASSESSED, AND TO CONSIDER ALL COMPLAINTS, PROTESTS AND OBJECTIONS TO THE ASSESSMENT PURSUANT TO NRS 271.385.

(10:46:16) – Mayor Crowell introduced the item. Supervisor Bonkowski believed “this ended up being a compromise bill when it came through the legislature” and noted that the voters will have another chance at the ballot box in the 2022 general election to accept or reject the tax. He also explained that the revenue would add to the road maintenance funds and that Nevada would be the first state in the country to use a portion of the proceeds statewide to construct roadside parking for commercial trucks to allow truck drivers to rest in safe areas. Supervisor Bagwell was in agreement with Supervisor Bonkowski’s points; however, she highlighted that the voters had rejected this tax; therefore, she would vote against the item. Mayor Crowell and Supervisor Barrette spoke in favor of the item as well. Mayor Crowell entertained a motion.

(10:51:20) – Supervisor Bonkowski moved to introduce, on first reading, Bill No. 107. The motion was seconded by Supervisor Barrette. Since there were no additional comments, Mayor Crowell called for the vote.

26.D FOR DISCUSSION ONLY: PRESENTATION OF A SUMMARY REPORT FOR THE ASSET MANAGEMENT NEEDS ASSESSMENT AND SOFTWARE SOLUTIONS EVALUATION.

(10:52:12) – Mayor Crowell introduced the item. Carson City Public Works Asset Manager Matt Lawton presented the Carson City Asset Management Needs Assessment and Software Solutions Evaluation methodology and process, and reviewed the selection criteria of the Enterprise Asset Management (EAM) software, all of which are incorporated into the record. Mr. Lawton also responded to clarifying questions by the Board.

(11:03:42) – Supervisor Bonkowski called the report “thorough” and “one of the best assessment evaluations that I’ve seen” to come up with an informed decision. Supervisor Bagwell expressed concern regarding the implementation and integration of the software with the City’s current Tyler Technologies, Inc. Enterprise Resource Planning (ERP) solution and Mr. Lawton believed that the recommended Llumen Ready Asset platform “has not built a direct integration with Tyler [Technologies] but there are other ERP systems that they have built that type of integration.” Mayor Crowell also commended Mr. Lawton for the great analysis work and inquired about the need for the new platform. Mr. Lawton believed that the implementation over the year had been in “bits and pieces” and that the new platform would allow “a comprehensive vision and a coherent strategy” for repair, maintenance, planning, and retirement or rehabilitation of assets. Supervisor Bonkowski pointed out the accumulation of “deferred maintenance of assets” and believed this solution will alleviate the “management by crisis” situations encountered in the past. Mayor Crowell called the new asset management program “the future of Carson City” that takes care of the taxpayers’ assets. Supervisor Bagwell looked forward to budgeting with the help of real data to support informed maintenance decisions. Supervisor Barrette expressed his support as well, calling it “a great program.” Ms. Hicks noted that Carson City was leading the way and announced that Mr. Lawton and Mr. Stucky had been invited to present at the National American Public Works Association

(11:14:23) – Mayor Crowell introduced both item 26.E and 26.F and noted that they will be discussed concurrently. Mr. Stucky reviewed both Staff Reports and explained that the project is considered a pipeline replacement instead of a maintenance project and recommended the approval of the permanent easement (item 26.E) and the temporary easement (item 26.F). Supervisor Bonkowski was informed that the \$800 fee for the temporary easement was for a one-time payment. 27. FIRE

27.A FOR POSSIBLE ACTION: DISCUSSION AND POSSIBLE ACTION REGARDING THE PROPOSED SUBMITTAL OF A GRANT APPLICATION TO THE STAFFING FOR ADEQUATE FIRE AND EMERGENCY RESPONSE (SAFER) GRANT PROGRAM TO HIRE AN ADDITIONAL NINE FIREFIGHTER/PARAMEDICS.

(11:19:02) – Mayor Crowell introduced the item. Carson City Fire Chief Sean Slamon gave background and presented the Staff Report which is incorporated into the record. He also announced that the first-year cost of the firefighters' salaries would be funded at 100 percent by the grant, without a match requirement. Chief Slamon anticipated the City's cost during the second year of the grant to be \$118,664 and \$249,617 for the third year of the grant (excluding cost of living and other increases), noting the approximate \$300,000 savings from overtime. In response to a question from Mayor Crowell, Chief Slamon explained that the City was under no obligation to sustain the firefighters after three years; however, he forecasted future fire truck and ambulance needs and vacancy backfills, adding that the City would experience cost savings with the elimination of overtime.

(11:27:55) – Supervisor Bonkowski received confirmation from Chief Slamon that at the end of the second year of the grant he will present a program review to the Board with data showing the cost savings. He also expressed concern about the loss of savings in the fourth year should there be no attrition and recommended finding alternatives to the \$1,598,734 cost to the City.

(11:30:16) – Supervisor Bagwell cited the audit results regarding overtime and efficiencies of the Fire Department and suggested reviewing the solutions and recommendations resulting from the audit which had highlighted the stress level of the Staff in addition to the overtime dollars. Supervisor Giomi was in agreement with the comments provided by the Supervisors, especially the review of the audit results. There were no additional comments. Mayor Crowell entertained a motion.

(11:32:31) – Supervisor Bagwell moved to approve submittal of the grant application. The motion was seconded by Supervisor Giomi. Mayor Crowell entertained discussion and when none was forthcoming, a vote.

28.A FOR POSSIBLE ACTION: DISCUSSION AND POSSIBLE ACTION REGARDING DIRECTIVES AND RECOMMENDATIONS CONCERNING CARSON CITY DEPARTMENTAL AND STAFF FUNCTIONS AND FUNCTIONS IN CARSON CITY AS A CONSOLIDATED MUNICIPALITY IN RELATION TO THE EXERCISE OF EMERGENCY POWERS PURSUANT TO NRS CHAPTERS 244 AND 414 AND CCMC CHAPTER 6.02 FOR THE PURPOSE OF ENSURING THE HEALTH, SAFETY AND WELFARE IN CARSON CITY IN RESPONSE TO THE GLOBAL CORONAVIRUS (COVID-19) PANDEMIC.

(11:34:03) – Mayor Crowell introduced the item. Ms. Paulson announced that almost all the City's full-time employees had returned to their offices and that all the City's administrative offices were open. She noted the lighter foot traffic; however, which she attributed to the members of the public getting used to online services. Ms. Paulson indicated that the Library and the recreational facilities were still closed and would possibly reopen with the Governor's phase two declaration which she believed might be announced the following week. Supervisor Bagwell stated that the Clerk's Office was open to accept ballots from those who were not comfortable mailing them. Supervisor Bonkowski clarified that ballots for others can only be dropped off by immediate family members. Ms. Paulson stated that same day registration voting is also available at the Clerk's office; however, Supervisor Bagwell reminded everyone that there are no voting machines and only paper ballots are being used. Mayor Crowell stressed that overseas members of the military have always voted by mail and that the City has never experienced any fraud issues.

(11:38:13) – Ms. Paulson also updated the Board on calls with Nevada's U.S. Senators requesting direct local government assistance to address revenue loss, being considered in the HEROES Act, in the next stimulus package. She also indicated that several City departments such as the Sheriff's Office and Carson City Health and Human Services had applied for some CARES Act funds. Supervisors Bagwell and Bonkowski cautioned against double-dipping to avoid returning funds. Ms. Russell noted that the Finance Department was tracking the above-mentioned and additional grants. Ms. Paulson also announced the cancelation of Epic Rides and noted that the City has requests for other street closures; however, she had advised waiting until the Governor's phase three announcement for such closures and large public gatherings. Supervisor Bagwell recommended making the street closure permissions with contingencies.

(11:43:51) – Chief Slamon gave an update on the Emergency Operations Center (EOC) activities, highlighting that they had received the sufficient amount of personal protection equipment (PPE) and that they are now focusing on "partial activation" with the intent to activate fully if needed. Chief Slamon updated the Board on the Fire Department activities and the receipt of PPEs. He also indicated that they had received accolades for operating as a "quad-county" during the emergency declaration.

(11:49:13) – Carson City Health and Human Services (CCHHS) Public Health Preparedness Manager Jeanne Freeman noted that they had the number of tests needed, and that a total of 5,040 tests had been conducted in the quad-county region with a two-to-four day-turnaround time for results. Ms. Freeman reported on the community-based testing and provided the breakdowns to the Board, noting that out of the 1,796 individuals tested, only one had tested positive. She also thanked the Nevada National Guard for their support and responded to clarifying questions.

(11:57:56) – CCHHS Epidemiologist Dustin Boothe explained the reporting process and preferred to address weekly numbers versus daily ones for more accurate reporting due to some delays in testing. He also outlined the contact tracing process in each community in the region and stated that some spikes happened due to spreading at a worksite when employees who were ill reported to work. Mr. Boothe responded to clarifying questions by the Board.

(12:02:23) – Ms. Freeman informed Mayor Crowell that area hospitals had sufficient beds and ventilators stressing that not all patients are suffering from COVID-19, adding that only 4 individuals are now hospitalized with the virus. She also noted the importance of social distancing and face covering, stating that patients on ventilators have recovered. Mr. Booth and Ms. Freeman clarified that CCHHS worked closely with Washoe County and engaged in contact monitoring with nearby California counties as well for all diseases, not just for COVID-19. Mayor Crowell thanked CCHHS for their efforts and called them “unsung heroes.”

(12:14:06) – Supervisor Barrette expressed disappointment in the media for creating fear among the public. He also encouraged everyone to practice social distancing and wearing protective masks. Supervisor Bonkowski also noted that media were focusing on the negative instead of the positive stories. Supervisor Giomi explained that he was participating remotely because he was not feeling well despite practicing all social distancing guidelines and encouraged everyone to be cautious and to wear a mask in public. Ms. Freeman explained that when patients test positive, they are contacted by CCHHS within four hours or less and begin the contact tracing within 24 hours, noting that the process is not new to them as it is practiced for all communicable diseases. She also announced that they had received Centers for Disease Control and Prevention (CDC) funding to hire a contact tracer. Ms. Freeman recommended that employers ask their employees to stay home if they are ill and requested that individuals waiting for their test results utilize the hotline for their grocery or other needs. She announced that the testing efforts have been expanded to the homeless population throughout the quad counties. Mr. Boothe gave an update on additional funding received to expand testing and to purchase better testing equipment.

(12:29:10) – Mayor Crowell stressed the importance of being proactive during pandemics and encouraged CCHHS to continue their great work. Supervisor Bagwell inquired about the responsiveness of the Board to the needs of CCHHS and Ms. Freeman expressed her appreciation to the Board for “coming to us and not at us.” Ms. Paulson informed members of the public that the local governments can be more restrictive than the State regarding reopening plans; however, they do not have the authority to be less restrictive. Ms. Hicks noted she was encouraged by the communication and the guidance provided by the Board. She also encouraged the public’s feedback to the City Manager’s Office on items or businesses that may not have been addressed. Supervisor Giomi extended his thanks to the National Association of Counties (NACo) for their recent information to help speed up the economic recovery.

29. BOARD OF SUPERVISORS – NON-ACTION ITEMS

(12:44:40) – Mayor Crowell introduced the item. Ms. Paulson announced that May was National Mental Health Month and that the National Alliance on Mental Illness had launched the “you are not alone” awareness in partnership with Anthem, Inc. Supervisor Giomi provided the Carson City Culture and Tourism Authority (CTA) report stating that the January and February (2020) room tax revenue had been higher than anticipated; however, with the loss of revenue as a result of the COVID-19 pandemic the CTA Board had voted to suspend all 2021
