REDEVELOPMENT DIRECTOR - Mary Walker

A. ACTION ON MCDONALD AND WIPFLI REQUEST FOR REDEVELOPMENT INCENTIVES FOR PROPERTY LOCATED AT 511 EAST ROBINSON STREET (1-2985) - Discussion noted the need to improve the aesthetics of this area and commended the Applicants on their project. Reasons for the reduced funding amount, for giving new construction the incentives, and the location were discussed. Public comments were solicited but none made. Member Bennett moved to approve the application for incentives for the project known as Robinson Street East Building for a financial incentive amount not to exceed \$13,000 subject to the applicant signing a lien and grant agreement in accordance with the Redevelopment Incentives Program; further, the Redevelopment Authority hereby finds that this project meets the requirements of NRS 279.486 and finds the project is of benefit to the redevelopment area and immediate neighborhood in which the Redevelopment area is located and that no other reasonable means of financing this project is available; the Authority further determines the incentive amount paid by the Redevelopment Authority shall be on a reimbursement basis only after the work has been completed and as tax dollars and other financing is available to the Redevelopment Authority; further, this application is approved subject to the applicant fulfilling any other City requirements; fiscal impact is \$13,000; and the funding source is the Redevelopment Incentives Program. Member Teixeira seconded the motion. Motion carried 5-0.

(2-0081) Chairperson Tatro noted for the record that Mr. Wipfli had gone through the Downtown Design Review procedure which is not required for the area but is necessary if applying for the incentives. This had caused the project to be modified significantly and required a number of enhancements. This developed a project which will establish an incentive for the remaining neighborhood. This would make a positive change for the neighborhood.

B. ACTION ON MR. MCFADDEN'S REQUEST FOR REDEVELOPMENT INCENTIVES FOR PROPERTY LOCATED AT 224 SOUTH CARSON STREET (1-3435) - Member Ayres moved that the Redevelopment Authority approve the application for the project known as the Third and Carson Second Phase in an amount not to exceed \$2,000 subject to the applicant signing a lien and grant agreement in accordance with the Redevelopment Incentives Program; further, the Redevelopment Authority hereby finds this project meets the requirements of NRS 279.486 and finds the project is of benefit to the redevelopment area and the immediate neighborhood in which the redevelopment area is located and that no other reasonable means of financing this project is available; the Authority further determines the incentive amount paid by the Redevelopment Authority shall be on a reimbursement basis only after the work has been completed and as tax dollars or other financing is available to the Redevelopment Authority; further, this applicant is approved subject to the applicant fulfilling any other City requirements; fiscal impact \$2,000; funding source - Redevelopment Program. Member Teixeira seconded the motion. Motion carried 5-0.
