To whom it may concern,

I would like to support the ordinance regarding the 1% TOT for the Arts and Culture Programs of Carson City. I believe it is good for the community in general, specifically the development of children while helping to create well rounded citizens who ultimately provide great contributions to our community. From a selfish standpoint, as hotelier, the Arts and Culture Commission and Community helps put heads in beds which benefits the economy as a whole. Hotels, restaurants, gas stations, retail shops and many other benefit when organizations and events bring people to town, this is a win/win proposal and makes sense for Carson City,

Thank you,

**Steve Kehm**
