12.A FOR POSSIBLE ACTION: DISCUSSION AND POSSIBLE ACTION REGARDING THE APPOINTMENT OF A PERSON TO THE POSITION OF CHIEF OF THE DEPARTMENT OF ALTERNATIVE SENTENCING ("DAS"), AND THE ESTABLISHMENT OF AN ANNUAL SALARY.

(8:43:45) – Mayor Bagwell introduced the item. Ms. Paulson invited each candidate to be interviewed separately by the Board. Mayor Bagwell reviewed the interview process which consisted of preprepared interview questions by the Board and noted that each candidate would receive the same questions. She also invited candidates to remain in the room after their interviews to listen to the Board's discussion.

(8:44:36) – Three candidates were interviewed in the following order:

1. Meliah Gonzales

2. Timothy Guthrie
3. Marlina Stone

(10:43:00) – Mayor Bagwell called the Board's decision "difficult" and noted that each Board member would present their "top choice" to see if there is consensus. She congratulated the candidates for their "outstanding credentials, demonstrated work experience," and their professionalism. She also explained that she normally would give "a little extra consideration to internal candidates," because they would bring "institutional knowledge" to help with a quick and smooth transition. Mayor Bagwell believed that "employees who have put their dues in with Carson City over the years, should be recognized for their dedication." She also added that occasionally an external candidate can be the best choice based on their "portability of experience, skill sets, and the potential for bringing a fresh perspective." Mayor Bagwell gave "a slight edge...to Ms. Stone, because I think she checked ALL of the boxes in our job announcement." She noted that Ms. Stone had her bachelor's degree, the management certificate and experience, and the supervision experience. She also reiterated how "completely impressed she was by all the candidates."

(10:46:38) – Supervisor Giomi called the Board's decision "very difficult," adding that he had "a great deal of respect for my law enforcement brothers and sisters having been on the fire side." He also believed that the Department of Alternative Sentencing "(DAS) organization has some challenges that it needs to work on." Supervisor Giomi praised the three candidates for "a fantastic job"; however, he believed that the two top candidates were Ms. Gonzales and Ms. Stone. Supervisor Giomi agreed with Mayor Bagwell's conclusion that the requirements of the job "give the slight advantage to Ms. Stone."

(10:48:25) – Supervisor White, thanked all the applicants and agreed with Mayor Bagwell's comments above. He was certain all three candidates "had been there" during the introduction of specialty courts; however, "I don't feel that our Department of Alternative Sentencing is mature, and I think we need an outside look to get us there. So, I'm going to lean towards Ms. Stone."

(10:49:50) – Supervisor Jones noted that he also believed in "hiring from within" and commended both Ms. Stone and Ms. Gonzales for great yet different styles of management and different responses to the interview questions. He stated that "the choice is to take somebody with intimate knowledge, and you can give them a year and expect results, or you can hire somebody from the outside and give them two years for the same results. With that in mind, I would vote for Meliah [Gonzales]."

(10:50:47) – Supervisor Schuette thanked all three candidates, telling them she was "really impressed with what I've heard." She also cited her firsthand experience as a deputy, a probation officer, and a middle school teacher, and she recognized the difficulty of mentoring and building relationships. Supervisor Schuette wished to "stick to the numbers [on her scoresheet]" noting that the candidate with the highest score was Ms. Stone. Supervisor Bagwell recommended separating the appointment motion from that of the salary discussion.

(10:50:45) – Supervisor Giomi moved to appoint Marlina Stone as the Chief of DAS, contingent on passing the City's required background check. Supervisor White seconded the motion.

17. FINANCE

(11:31:04) – Mayor Bagwell introduced both items, 17.A and 17.B for concurrent discussion and for separate actions on each item. Supervisor Giomi read into the record a prepared disclosure statement (for both agenda items), advised of a disqualifying conflict of interest and stated that he would not participate in discussion and action. Mayor Bagwell entertained comments on each specific grant; however, none were forthcoming. She also highlighted the Staff Summary which recommended holding the unused \$4,607 from the youth fund in the General Fund for CSSG FY 2023 youth competitive programs, noting that she preferred to see the funds reverted to the General Fund and budgets reevaluated during the next year’s budgeting discussion. Ms. Aaker also responded to clarifying questions by the Board.

(11:56:30) – Member White commented on AB59 calling it “over the top to tell a military member that they cannot smoke...[but we] send them around the world and give them orders to kill people.” He also noted “I don’t see where barriers are defined in a manner that doesn’t allow this to become a fishing expedition” regarding SB44. As for SB69, Member White was in favor of peer-to-peer counseling, calling it “a tremendous idea.” He expressed concern regarding SB70 because “unscrupulous folks have gone after someone else’s estate.” He also believed that a definition was needed for “probable cause.” Ms. Aaker recommended that Member White speak to Jessica Flood (handling legislative matters) regarding his concerns. Member White read a prepared statement regarding SCR5 calling it “an act of racism by Senator Spearman” as “her claims of systemic racism against a BIPOC population [are] patently false.”

(12:09:54) – Chairperson Lyons praised CCHHS “for being the first accredited public health [organization] here, in Nevada.” Ms. Aaker provided the following COVID-19 updates for the period of March 17, 2021 through March 27, 2021.

- Positivity rate: 6 percent (as of this day)
- Community, household, and school locations have the highest transmission rates.
- Average daily cases reported: 6
- Student case investigations: 8
- Vaccination efforts are ongoing; however, some events “are not filling up”

(12:41:50) – Chairperson Lyons introduced the item. Ms. Aaker and Carson City Behavioral Health Task Force Chair Mary Jane Ostrander reviewed a PowerPoint presentation, incorporated into the record, and responded to clarifying questions. Vice Chair Giomi believed that it was important “to educate primary care providers on the role that they can play in helping our citizens get into the behavioral health system.” Ms. Ostrander offered to discuss the suggestion with Carson Tahoe Health. She also clarified for Member Bagwell that the Crisis Now model was about early intervention and cited examples such as the Mallory Center, Mobile Outreach Safety Team (MOST), and jail diversion programs. Member White recommended forwarding the available Crisis Now PowerPoint presentation to the Board. Discussion ensued regarding the Mallory Center being used as a regional resource as Member White was concerned about not receiving reimbursements from neighboring counties. Ms. Ostrander believed that Medicaid was being billed for those services. The Board supported Ms. Aaker’s suggestion regarding a presentation by Carson Tahoe Health on the Mallory Center.

(1:12:20) – Member Schuette recommended wider use of telehealth capabilities and Ms. Ostrander clarified that CCHHS had clients using that option and that tablets had been purchased through a grant for that purpose. Vice Chair Giomi wished to see “a leveled playing field” with the reimbursement rates. Member Furlong noted that crisis intervention had been implemented at the Carson City Sheriff’s Office around 2010. This item was not agendized for action.

(1:23:32) – Mayor Bagwell introduced the item. Ms. Paulson reviewed the proposed Mitigation and Enforcement Plan for Carson City, which is incorporated into the record. She presented the draft Restore Carson City May 1, 2021 Transition Plan (also incorporated into the record), adding that the plan had been discussed with surrounding counties. Ms. Paulson noted that the next steps included obtaining endorsements from the Carson City Schools Superintendent and from the Nevada Hospital Association, presenting the plan to the COVID Compliance Task Force, and receiving final approval of this Board on April 15, 2021. She also responded to clarifying questions. Discussion ensued regarding public access to Board meetings, and Mayor Bagwell noted that the public would be able to attend while following social distancing guidelines, and that exterior seating will also be available for on-screen viewing. Further discussion also ensued regarding increased number of restaurant guests per table, and Supervisor Schuette recommended keeping the current six-person number per table during the transition period as the numbers in the room are increased. Supervisor Giomi wished the document to clarify that the available personal protection equipment (PPE) provided by the City is free of charge.

(1:39:10) – Ms. Paulson explained that any changes to this plan must be approved by the Board and Mayor Bagwell recommended keeping it as a “standing [agenda] item.” Supervisor White recommended a stronger outreach program for distributing PPEs. He also recommended allowing larger parties to be seated at a table if the restaurant is able to accommodate the social distancing guidelines. Supervisor White suggested having the item return to the Board frequently and questioned whether the July 4th event had been budgeted for by organizers. Supervisor Jones was also in favor of leaving the number of guests per table to the restaurants as long as social distancing guidelines are observed. Mayor Bagwell believed there will be some kind of July 4th celebration. Dr. Lyons recommended keeping the number of guests per table at six. Discussion ensued regarding allowing 10 people per table outdoors and the Board was amenable to that suggestion, while keeping the indoor seating at six per table.

27.A FOR POSSIBLE ACTION: DISCUSSION AND POSSIBLE ACTION REGARDING COORDINATION OF LEGISLATIVE ACTIVITY ON PENDING STATE LEGISLATION BEFORE THE NEVADA LEGISLATURE AND WHETHER TO ADOPT AN OFFICIAL POLICY POSITION OR DIRECT STAFF AND CARSON CITY'S RETAINED LOBBYIST TO ADVOCATE FOR OR AGAINST ANY SUCH LEGISLATION, INCLUDING THE SUBMITTAL OF PROPOSED AMENDATORY LANGUAGE.

(1:45:37) – Mayor Bagwell introduced the item. Ms. Paulson presented the agenda items provided as late material. She summarized the contents of SB311, AB341, and AB363. Regarding SB311 which authorizes *“the Nevada Rural Housing Authority to create a for-profit business entity for the purpose of developing, operating and managing housing projects to provide dwellings primarily for persons of low and moderate income; exempting such a business entity from compliance with the Open Meeting Law; and providing other matters properly relating thereto,”* Mayor Bagwell believed that the for-profit component should be responsible for property tax payments. The Board was in favor of the Mayor’s suggestion.

(1:51:12) – Discussion ensued regarding AB341 which *“provides for the licensure and regulation of cannabis consumption lounges.”* Supervisor Giomi inquired whether local governments had the ability of not allowing a cannabis lounge in their communities. Mr. Yu explained that this bill would “probably require quite a bit more research” because it neither mandates the lounges nor allows local governments to disallow them on the surface. He recommended the Board propose a desired amendment. Supervisor Giomi stated that he would support the bill only if an amendment is suggested “to clearly define a local government’s ability to maintain control of their community.” Supervisor Jones was in agreement with Supervisor Giomi. Mayor Bagwell suggested not supporting the bill “unless the local government has the right to zone it out.” The Board’s recommendation was to let local jurisdictions decide whether to allow such lounges.

(2:00:01) – Ms. Paulson presented AB363 which “requires all counties to create an ordinance to regulate, allow, and tax short-term rentals.” She also clarified that the City does not currently allow short-term rentals, which violates the definition of a single-family residence. Ms. Paulson believed that the Nevada Association of Counties (NACO) was requesting to change the legislation from mandatory to enabling. Supervisor Giomi recommended supporting the NACO recommendation and the Board was in agreement.

Good Day,

My name is Raquel Johnson. I'm State Advocate for Adult Education Fellow for the Coalition for Adult Basic Education. I'm also the Lead Teacher/ELL Instructor for the ACCEL Program at Western Nevada College in Carson City. With respect to funding for adult programs, I want to ensure you understand what is currently happening and so that you know how to continue to support adult education programs and students into the future.

In addition to the funding locally, adult education funding must be increased if programs are going to continue to overcome the numerous challenges that accompany the COVID-19 pandemic and the forthcoming recovery period. Congress should fund adult education in the FY2022 appropriations bill at least at \$810 million and provide \$1 billion in emergency funding for adult education in the next COVID-19 relief package, including any infrastructure legislation.

To do our part, the ACCEL program at WNC offers English Language Learning Classes, High School Equivalency preparation, Basic Academic Skills Classes, English Language Transition classes, Career Pathways, Integrated Education and Training, and Workforce Training classes in a variety of settings and locations in the five-county Western Nevada College service area.

ACCEL's mission is to engage learners in educational opportunities that will help them to meet their personal, life, and career goals in an accelerated way.

Some facts for consideration:

- Nationally: There are more than 2,200 providers funded under the Adult Education and Family Literacy Act, also known as Title II of the **Workforce Innovation and Opportunity Act (WIOA)**. These providers serve roughly 1.5 million American adults each year via adult basic education, high school equivalency, and English language classes, yet there are many more in need of services.

- ♦ In Nevada: I was surprised to learn that in programs such as ours, per adult learner, programs receive less than 1/10th of federal funding compared to the per pupil funding received by elementary education. From 2017 data, we know approximately 8% of our working age Nevadans are without a high school diploma and unemployed. The % is probably much higher now due to COVID dynamics.

Thank you for being part of passing COVID19 relief packages. We are grateful for the support adult education has received over the years from our policymakers and we need to plan for what happens next. Adult learners are likely to be especially vulnerable to the impacts of COVID19 and are in need of upskilling/re-training. For every dollar spent on AE, we estimate a return of \$60 to the community in increased income, property taxes, savings on public benefits and legal expenses. Thank you!

Best,
Raquel Johnson
