Thank You Heather,

I am a home owner across the street (Sherman Lane) so that is my worries. I will give my comments via email because I do work mid-shifts and I would have to take time off to attend. I'm assuming that the storage unit builder is a big corporation and properly not much I can do. I believe a park or some type of community service center is better suited for that location. There are many neighborhoods in that area and having too much industrial buildings hurts our home values and quality of life.

Thank you so much for your help,

Leanne Meadows

Good Morning Leanne,

Not at this time. If you have any questions or comments, you are welcome to give me a call or discuss via email if you prefer. Alternatively, if you wish to provide the Commission with comments for incorporation into the record, you are welcome to email them to me and I will be sure to provide the information to the Commission. Or you are more than welcome to participate in person at the public hearing.

Sincerely,

Heather Manzo

Thank you Heather,

Has the Planning Commission received any opposition to the project?

Thank You
