

STAFF REPORT FOR PLANNING COMMISSION MEETING OF November 16, 2021

FILE: ZA-2021-0371

AGENDA ITEM: 6.F

STAFF CONTACT: Heather Ferris, Planning Manager

AGENDA TITLE: For Possible Action: Discussion and possible action regarding a zoning map amendment to change the zoning from General Commercial (“GC”) to Limited Industrial (“LI”) for parcels located at 788 and 900 Fairview Drive, Assessor’s Parcel Numbers (“APNs”) 009-551-08 and 009-551-31. (Heather Ferris, hferris@carson.org)

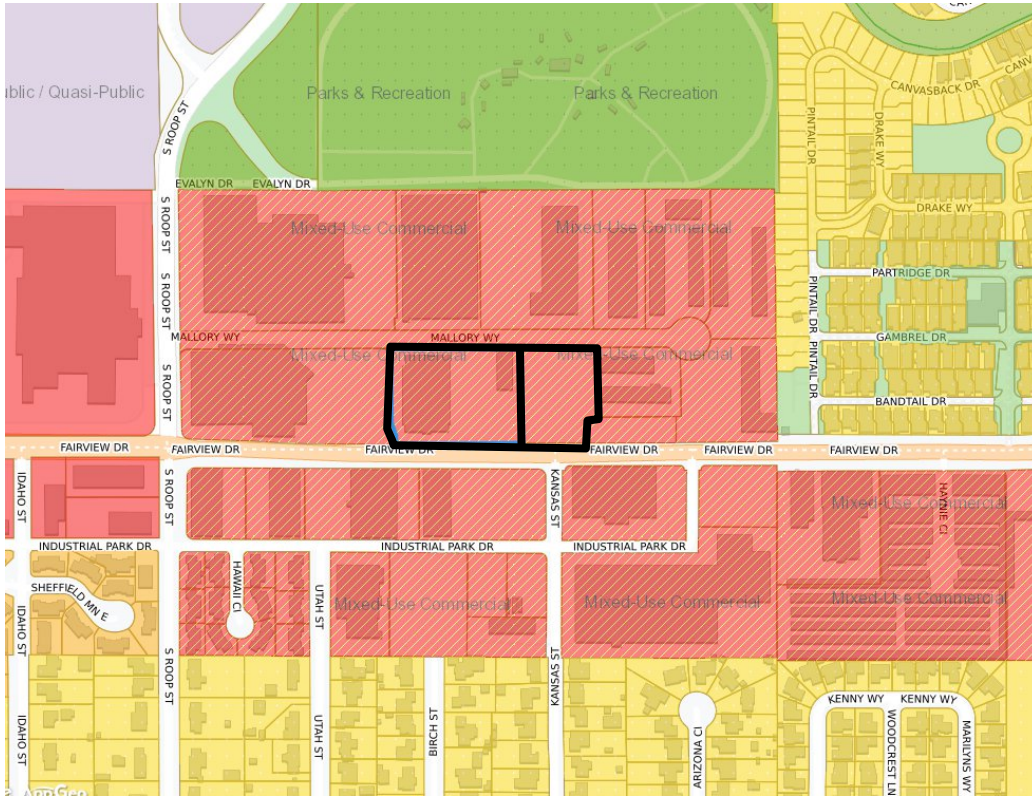

Summary: At its meeting of January 21, 2021, the Board of Supervisors identified the subject area as appropriate for a mapping correction. The proposed amendment would rezone the properties back to what it was prior to being changed to GC for a school use. The proposed LI zoning is consistent with the current zoning of surrounding properties to the north, east, and west. The Planning Commission makes a recommendation to the Board.

RECOMMENDED MOTION: “I move to recommend to the Board of Supervisors approval of the zoning map amendment ZA-2021-0371 as presented.”

BACKGROUND AND DISCUSSION:

At its meeting of November 17, 2020, the Planning Commission was provided with an update on the Master Plan implementation activities and reviewed and made recommendation to the Board of Supervisors on the Master Plan Action Plan and other Master Plan related matters. At its meeting of January 21, 2021, the Board of Supervisors accepted the 2020 Master Plan report from the Planning Commission.

The report included land use mapping corrections, including the subject properties on Fairview Drive. The properties are zoned General Commercial and have an underlying Master Plan

designation of Mixed-Use Commercial. While the General Commercial zoning is consistent with the underlying master plan designation, the zoning is not consistent with the surrounding parcels which are zoned Limited Industrial. Therefore, staff is recommending changing the zoning from General Commercial to Limited Industrial. APN 009-551-31 was the subject of a recent special use permit for a congregate care facility for the residential treatment of substance abuse. The special use permit was approved; therefore, the use is entitled. Assuming the use commences prior to the special use permit expiring, the congregate care facility would be considered a non-conforming use. The proposed zoning map amendment will be consistent with the surrounding uses. The Planning Commission makes a recommendation to the Board of Supervisors.

PUBLIC COMMENTS: A courtesy notice was mailed to the effected property owners on October 5, 2021. On November 1, 2021, public hearing notices were mailed to 44 property owners within 650 feet of the subject properties in accordance with the provisions of NRS and CCMC 18.02.045. At the time of the writing of this report staff has not received any public comment. Any comments that are received after this report is completed will be provided to the Planning Commission either prior to or at the November 16, 2021 meeting depending on their submittal date to the Planning Division.

OTHER CITY DEPARTMENT OR OUTSIDE AGENCY COMMENTS:

The requests were routed to other departments for review and comment. All indicated they had no comments or concerns with the proposed amendments.

FINDINGS: Staff recommends the following findings for approval of the Zoning Map Amendment pursuant to CCMC 18.02.075, Zoning Map Amendments and Zoning Code Amendments.

1. That the proposed amendment is in substantial compliance with and supports the goals and policies of the master plan.

The proposed amendments are consistent with the Master Plan. Chapter 3 of the Master Plan identifies the land use designations and identifies what zoning districts corresponds to the land use designation. The Mixed-Use Commercial (“MUC”) master plan designation allows for a mix of uses including commercial, retail, office, and residential uses. The intent of the MUC master plan is to allow for vertical or horizontal mix of uses. The area designated as MUC has already been developed with a horizontal mix of commercial, industrial, and residential uses.

2. That the proposed amendment will provide for land uses compatible with existing adjacent land uses and will not have detrimental impacts to other properties in the vicinity.

The proposed amendment will provide for land uses compatible with existing adjacent land uses and will not have detrimental impacts to other properties in the vicinity. APN 009-551-31 was the subject of a recent special use permit for a congregate care facility for the residential treatment of substance abuse. The special use permit was approved; therefore, the use is entitled. Assuming the use commences prior to the special use permit expiring, the congregate care facility would be considered a non-conforming use. The proposed zoning map amendment will be consistent with the surrounding uses.

3. That the proposed amendment will not negatively impact existing or planned public services or facilities and will not adversely impact the public health, safety and welfare.

The proposed zoning map amendment will not negatively impact existing or planned public services or facilities and will not adversely impact the public health, safety, and welfare. APN 009-551-31 is currently developed and was recently approved for a congregate care facility for the residential treatment of substance abuse. The impacts to public services and facilities were evaluated at that time. The adjacent parcel is vacant and is not anticipated that future development of the parcel will result in negative impacts to existing or planned public services or facilities; however, the impacts will be evaluated at the time of development.
