At its meeting of January 20, 2022, the Board of Supervisors accepted the 2021 Master Plan report from the Planning Commission.

FINDINGS: Staff recommends the following findings for approval of the Zoning Map Amendment pursuant to CCMC 18.02.075, Zoning Map Amendments and Zoning Code Amendments.

- 1. That the proposed amendment is in substantial compliance with and supports the goals and policies of the master plan.**

The parcels are owned by the City and have been improved with a trail system. The proposed amendment will create consistency with the use of the land, the master plan designation, and the ownership.

- 2. That the proposed amendment will provide for land uses compatible with existing adjacent land uses and will not have detrimental impacts to other properties in the vicinity.**

The proposed amendment will create consistency with the actual use of the land, the master plan designation, and the ownership. There are no proposed modifications to the existing use of the subject parcels. The parcels are currently developed with a trail system.

- 3. That the proposed amendment will not negatively impact existing or planned public services or facilities and will not adversely impact the public health, safety and welfare.**

The proposed zoning map amendment will not negatively impact existing or planned public services or facilities and will not adversely impact the public health, safety and welfare. The subject parcels have been developed with a trail system which is accessible to the public. There are no proposed modifications to the existing use of the property.
