### **BACKGROUND AND DISCUSSION:**

At its meeting of December 15, 2021, the Planning Commission was provided with an update on the Master Plan implementation activities and reviewed and made a recommendation to the Board of Supervisors on the Master Plan Action Plan and other Master Plan related matters. At its

meeting of January 20, 2022, the Board of Supervisors accepted the 2021 Master Plan report from the Planning Commission.

As part of the 2021 Master Plan Annual Report staff inventoried City owned parks and recreational facilities to ensure the zoning and master plan designations are appropriate for their use. The subject property is known as Schulz Ranch Park and is owned by the City. To create consistency with the land use and ownership, the Master Plan designation should be Parks and Recreation. Likewise, to create consistency with the proposed master plan designation, the zoning should be Public Neighborhood. The Planning Commission makes a recommendation to the Board of Supervisors. The Board of Supervisors may amend the Zoning and Master Plan Maps, following a recommendation from the Planning Commission.

**PUBLIC COMMENTS:** On May 11, 2022, public hearing notices were mailed to 182 property owners within 600 feet of the subject properties in accordance with the provisions of NRS and CCMC 18.02.045. At the time of the writing of this report staff has not received any public comment. Any comments that are received after this report is completed will be provided to the Planning Commission either prior to or at the May 25, 2022 meeting depending on their submittal date to the Planning Division.

**OTHER CITY DEPARTMENT OR OUTSIDE AGENCY COMMENTS:**

The requests were routed to other departments for review and comment. All indicated they had no comments or concerns with the proposed amendments.

**FINDINGS:** Staff recommends the following findings for approval of the Master Plan Amendment and Zoning Map Amendment pursuant to the CCMC 18.02.070 and 18.02.075, Zoning Map Amendments and Zoning Code Amendments.

**MASTER PLAN AMENDMENT FINDINGS:** Per the provisions of CCMC 18.02.070:

**1. The proposed amendment is in substantial compliance with the goals, policies and action programs of the Master Plan.**

The proposed amendment is in substantial compliance with the goals, policies, and action programs of the Master Plan. The property is the site of a city owned park within the Schulz Ranch development. The property has a master plan designation of Medium Density Residential. This designation is not consistent with the use of the land. Since this is a publicly owned park the more appropriate designation would be Parks & Recreation.

**2. The proposed amendment will provide for land uses compatible with existing adjacent land uses and will not have detrimental impacts to other properties in the vicinity.**

Properties in the area are zoned for residential uses. The park serves the public. The proposed amendment will make the master plan designation consistent with the land use and ownership of the parcel.

**3. The proposed amendment is in response to changed conditions that have occurred since the plan was adopted and the requested amendment represents a more desirable use of land.**

The proposed amendment will provide for consistency with the land use and ownership of the parcel. The park serves the public and is owned by the City. The proposed amendment will make the master plan designation consistent with the land use and ownership of the parcel.

- 4. The requested amendment will promote the desired pattern of orderly physical growth and guides development based on the projected population growth with the least amount of natural resource impairment and the efficient expenditure of funds for public services.**

This is the site of a park within the Schulz Ranch development. The proposed amendment will make the master plan designation consistent with the land use and ownership.

#### **ZONING MAP AMENDMENT FINDINGS:**

- 1. That the proposed amendment is in substantial compliance with and supports the goals and policies of the master plan.**

Chapter 3 of the Master Plan identifies the land use designations and identifies what zoning districts corresponds to the land use designation. If the Master Plan is amended to designate the parcel as Parks & Recreation, the proposed Public Neighborhood zoning district would be a corresponding zoning district that will implement the Master Plan.

- 2. That the proposed amendment will provide for land uses compatible with existing adjacent land uses and will not have detrimental impacts to other properties in the vicinity.**

Properties in the area are zoned for residential uses. The park serves the public and is owned by the City. The proposed amendment will make the zoning and master plan designations consistent with the land use and ownership of the parcel.

- 3. That the proposed amendment will not negatively impact existing or planned public services or facilities and will not adversely impact the public health, safety and welfare.**

The proposed zoning map amendment will not negatively impact existing or planned public services or facilities and will not adversely impact the public health, safety and welfare. The proposed Public Neighborhood zoning will be consistent with the proposed master plan designation of Parks & Recreation. Both the master plan amendment and zoning map amendment will result in consistency with the existing land use and ownership of the parcel.
