**Agenda Action:** Formal Action/Motion

**Time Requested:** 45 minutes

---

### Proposed Motion

I move to recommend the draft Dog Rules and Regulations Policy to the Board of Supervisors.

### Board's Strategic Goal

Quality of Life

### Previous Action

7-18-2022: The Parks and Recreation Commission ("PRC") and Open Space Advisory Committee ("OSAC") moved to recommend approval of the parks, parks buildings, special use facilities and trailheads component of the policy to the Board of Supervisors, with the inclusion of Long Ranch Park, Mayor's Park, Ronald D. Wilson Memorial Park and Steinheimer Park as designated for off-leash use.

### Background/Issues & Analysis

This item, if approved, would recommend policies and guidelines related to dog use within trails and open space only, for future consideration of the Board of Supervisors. Due to the challenges with inconsistent signage, locations and regulations throughout the Carson City Parks System, more consistent policies are desired by staff for transparency with the public. The Dog Rules and Regulations Policy was drafted by Department staff based on feedback provided by Carson City residents and users in a public survey from June 2021, as well as extensive discussion and feedback from PRC and OSAC over the course of four joint meetings and two individual meetings held in 2020-2022. Dog use related to parks, parks buildings, special use facilities and trailheads was discussed and approved as a part of the July 18, 2022 joint meeting of PRC and OSAC and will not be discussed as part of this item.
