

## STAFF REPORT

<b>Report To:</b>	Board of Supervisors	<b>Meeting Date:</b>	October 20, 2022
<b>Staff Contact:</b>	Sean Slamon, Fire Chief; Bryon Hunt, Fire Captain; and Dave Aurand, Business Manager		
<b>Agenda Title:</b>	For Possible Action: Discussion and possible action regarding direction from the Board of Supervisors ("Board") on a request from the Professional Fire Fighters of Nevada Benevolent Association ("PFFN") to incorporate Carson City's World Trade Center Steel I-Beam ("Beam"), which is currently part of the City's 9/11 Memorial in Mills Park ("City Memorial") into a forthcoming memorial to the firefighters of the State being constructed at the Nevada State Capitol Complex ("State Memorial"). (Sean Slamon, <a href="mailto:sslamon@carson.org">sslamon@carson.org</a> and Bryon Hunt, <a href="mailto:bhunt@carson.org">bhunt@carson.org</a> )		
<p>Staff Summary: Nevada Senate Bill ("SB") 540 was enacted in 2017 and allows the PFFN to construct "a memorial to the firefighters of this State" at the Capitol Complex. PFFN has requested that the City consider moving the Beam to the State Memorial. The State Memorial is nearing completion, and its design would allow it to incorporate the Beam. Staff seeks direction regarding whether the Board is open to allowing the Beam to be used in the State Memorial and, if so, direction to perform appropriate due diligence for that transaction.</p>			
<b>Agenda Action:</b>	Formal Action / Motion	<b>Time Requested:</b>	15 minutes

---

### Proposed Motion

Depends on discussion. If direction is to proceed: "I move to direct staff to proceed with due diligence to incorporate the Beam into the State Memorial."

---

### Board's Strategic Goal

Efficient Government

### Previous Action

December 19, 2013 (Item 9-5) – The Board took action to designate Mills Park as the permanent location of the City Memorial.

October 1, 2009 (Item 16) - The Board authorized the Mayor to sign a letter to the Port Authority of New York and New Jersey requesting that Carson City be awarded an item from the debris of the World Trade Center.

### Background/Issues & Analysis

In late 2016, PFFN started the process of designing a new firefighter memorial. PFFN successfully lobbied at the State Legislature for space at the Capital Complex for a firefighter memorial, which was approved by enactment of SB 540 in 2017.

Over this past year, PFFN has raised enough money to finally commence construction of the State Memorial with the assistance of its contractor, Q&D Construction. The cost so far has exceeded \$750,000. All money has been raised through donations.

The supporting materials for this item show how PFFN would incorporate the Beam into the State Memorial, if the City were to approve moving the Beam.

PFFN is open to an arrangement where the City will retain ownership of the Beam, but permit it to be incorporated into the new State Memorial. If the City were interested in donating the Beam to PFFN for display at the State Memorial, PFFN would be happy to explore that option as well.

Moving the Beam from the City Memorial to the State Memorial would be done at no cost to the City, and Q&D Construction has agreed to help with any changes that need to be made based upon the decision of the Board. The plaque currently affixed to the Beam would remain on the Beam at the new State Memorial.

**Applicable Statute, Code, Policy, Rule or Regulation**

NRS 244.265 and 332.185; Section 1.040 of the Carson City Charter; and SB 540

**Financial Information**

**Is there a fiscal impact?** No

**If yes, account name/number:** N/A

**Is it currently budgeted?** No

**Explanation of Fiscal Impact:** All costs will be covered by the PFFN.

# **FALLEN FIREFIGHTERS MEMORIAL**

- The original Firefighters memorial in Mills Park was dedicated on June 6, 1993.
- This memorial was made possible by numerous donation from all around the state with many of them coming from individuals in Carson City.
- The city graciously donated the land that the memorial currently sits on.
- The current memorial is managed by a board of individuals from Northern Nevada.
- Carson City Parks & Recreation has graciously maintained the memorial for the past 25+ years.

- For the last 15+ years there has been an effort to move the current Firefighters memorial to Capitol grounds.
- This was for many reasons; however, moving it to Capitol grounds would provide 24 hour security and ensure the memorial would not be damaged or defaced.
- We also chose the Capitol grounds because this is where the Fallen Police and Military Memorials are located.

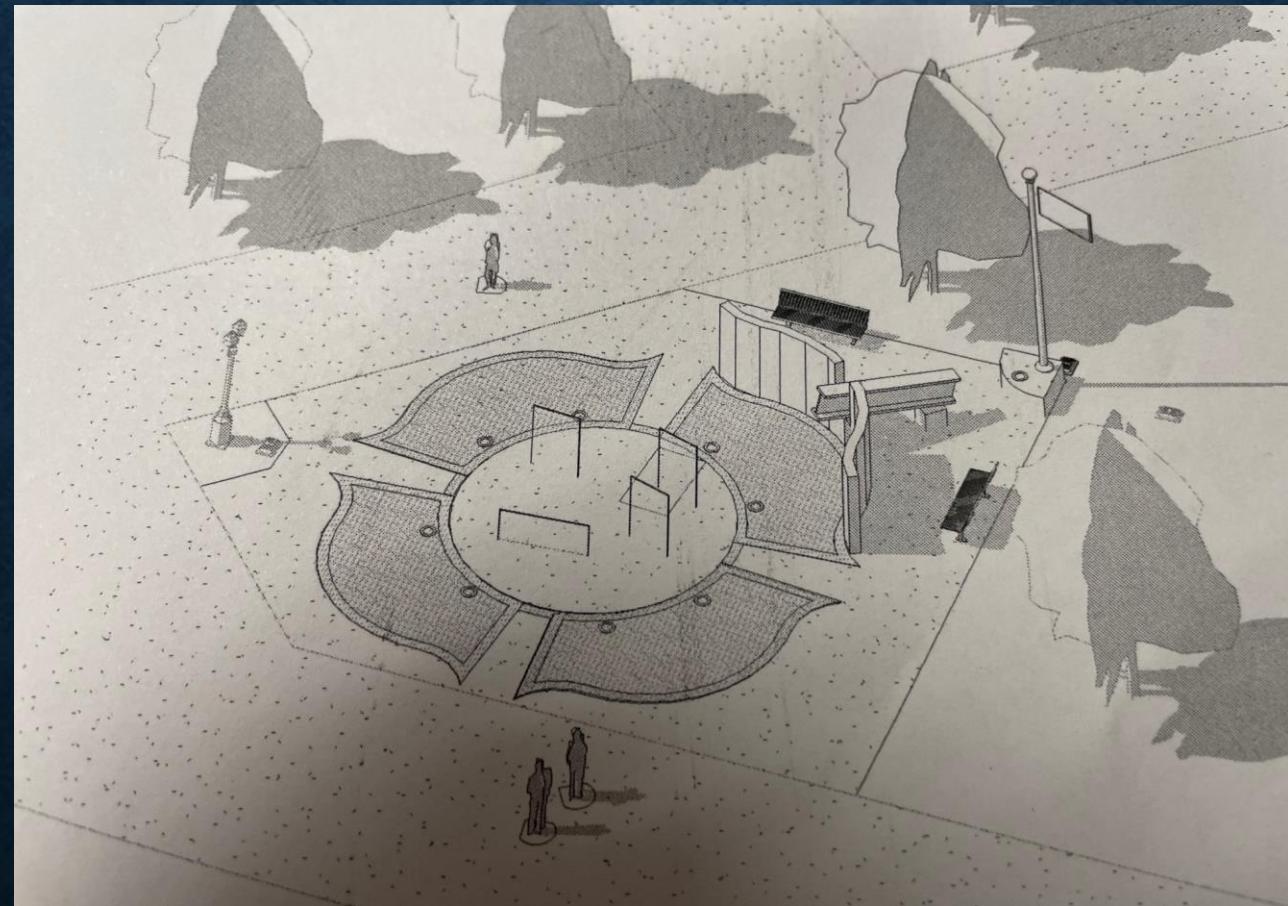

- Multiple sessions ago the Professional Firefighters of Nevada began to lobby for a bill to secure a location on Capitol grounds.
- In 2017 SB 540 was drafted and carried by then Senator Aaron Ford. It dedicated a site on Legislative Grounds for a permanent Fallen Fire Fighters Memorial.
- SB 540 passed and was signed by Governor Sandoval.
- The site that was given is very close to the Fallen Police Officers Memorial

- With the signing of the bill, the PFFN was given control and oversight of the new memorial.
- The decommissioning of the original Firefighters Memorial, and the commissioning of the new Firefighters Memorial, has been planned and will be carried out with input from the original Firefighters Memorial Board and the PFFN.
- The memorial has been paid for by community donations solicited by the PFFN and by the firefighters of the state of Nevada.
- The largest donations thus far have been made by members of the PFFN, NV Energy, Southwest Gas, an incredibly gracious individual from Las Vegas, and the firefighter/police football game. The rest has been made up of hundreds of other generous individuals and businesses.
- The construction of the new Memorial will use no Government dollars.

# RENDERING OF NEW MEMORIAL

- The new Memorial will consist of a large rear wall with five life-sized bronze statues of firefighters working at a fire scene.
- The wall will be clad in black granite with the names of the fallen etched in.
- QR codes will be provided on the wall near each name to provide a story about each fallen firefighter.
- This new memorial will forever represent ALL firefighters, whether they be career, volunteer, or private.

# MEMORIAL STATUES

# **WORLD TRADE CENTER 9/11 BEAM**

With the creation of a new Fallen Firefighters Memorial and the closing of the Original Fallen Firefighters the PFFN is requesting to move the WTC 9/11 beam to the new Memorial site.

The new location is fitting home to a piece of history that symbolizes the sacrifices made by both Fire and Police.

It also will be in a location that is well visited in this City. Capitol grounds are visited by citizens from all over the State of Nevada, the United States and the World.

The Beam will still rest in this City and will be forever Memorialized as part of the City and it's Citizens

# BEAM CONTINUED

The New Memorial location will provide a much greater level of security. We were required to provide cameras that are monitored 24 hours a day by Capitol Police. The Capitol grounds are provided with a high level of around the clock security.

The Beam will be maintained year round by a combination of the Legislative Counsel Bureau and the PFFN. It will be maintained in a manner fitting the Honor it deserves.

The moving and the maintenance of the Beam will be at no cost to the City. The PFFN will bear all those costs. The Original plaque will remain on the Beam as a reminder of where it came from.

The monies are provided for in our Benevolent Account that is funded by our License Plate fees and Donations.

**City of Carson City  
Agenda Report**

**Date Submitted:** December 6, 2013

**Agenda Date Requested:** December 19, 2013  
**Time Requested:** Consent

**To:** Mayor and Supervisors

**From:** Parks and Recreation Department

**Subject Title:** For Possible Action: To approve the current and temporary location of the World Trade Center 9/11 Memorial in Mills Park to be designated as the permanent location for the monument.

**Staff Summary:** Supervisor Jim Shirk has requested that the current and temporary location of the 9/11 Memorial in Mills Park be designated as the permanent site, which is located southeast of the front entrance to the Pony Express Pavilion's front plaza area (Exhibit A). It was agreed by all that the current site is not very accessible or functional due to the lack of improvements or amenities. Staff has not invested in the current site to date due to the anticipated relocation of the memorial per the direction of the Board of Supervisors' action taken on January 19, 2012 (Exhibit B). Since that time Supervisor Shirk has found it difficult to find the donations and funds necessary to relocate the memorial (Exhibit C) to the permanent site. After communications with staff we now believe that leaving the memorial at it's current location will be more cost effective and hopefully enable future improvements to come sooner. Staff has identified some possible improvements such as A.D.A. compliant paths to access the memorial, a small plaza area, lighting, interpretive signs, a flag pole, and additional landscaping. There is no allocated funding at this time for any improvements to the memorial. The request to designate the current site as the permanent location was brought before the Parks and Recreation Commission and unanimously approved on December 3, 2013 (Exhibit D).

**Type of Action Requested:** (check one)

Resolution       Ordinance  
 Formal Action/Motion       Other (Specify)

**Does This Action Require A Business Impact Statement:**  Yes  No

**Recommended Board Action:** I move to approve the current and temporary location of the World Trade Center 9/11 Memorial in Mills Park to be designated as the permanent location for the monument.

**Explanation for Recommended Board Action:** This action will enable the Parks and Recreation Department to begin the design process and identify costs associated with the improvements and will enhance efforts to seek available funding and donations for said improvements.

**Applicable Statute, Code, Policy, Rule or Regulation:** N/A

**Fiscal Impact:** N/A

**Explanation of Impact:** Not known at this time.

**Funding Source:** N/A

**Alternatives:** Not to approve the request and proceed with the action approved by the Board of Supervisors on January 19, 2012.

**Supporting Material:** Exhibit A (photo of the current and temporary location of the memorial), Exhibit B (Agenda Report and photos from the January 19, 2012 Board of Supervisors meeting), Exhibit C (support letter to staff from Supervisor Shirk), and Exhibit D (Parks and Recreation Commission Staff Report from the December 3, 2013 meeting).

City of Carson City  
Agenda Report

Date Submitted: January 6, 2012

Agenda Date Requested: January 19, 2012

Time Requested: 10 Minutes

To: Mayor and Supervisors

From: Parks and Recreation Department

Subject Title: Action to approve a recommendation from the Parks and Recreation Commission designating the Seely Loop in Mills Park as the permanent location for the 9/11 World Trade Center Memorial. (Roger Möllendorf, Parks and Recreation Director, and Jim Shirk)

Staff Summary: Mr. Jim Shirk met with the Parks and Recreation Commission during the Commission's December 6, 2011, meeting seeking a recommendation for a permanent location for the 9/11 World Trade Center. The Commission selected the lawn area on the Seely Loop north of the Firemen's Memorial in Mills Park as the preferred site. This recommendation is being forwarded to the Board of Supervisors for approval.

Type of Action Requested: (check one)

Resolution       Ordinance  
 Formal Action/Motion       Other (Specify)

Does This Action Require A Business Impact Statement:  Yes  No

Recommended Board Action: I move to approve a recommendation from the Parks & Recreation Commission designating the Seely Loop in Mills Park as the permanent location for the 9/11 World Trade Center Memorial.

Explanation for Recommended Board Action: Mr. Shirk was instrumental in securing a relic I-beam from the World Trade Center from the Port Authority of New York and New Jersey for a memorial for the 9/11 World Trade Center terrorist attack. A temporary memorial was developed on the east end of Mills Park near the Pony Express Pavilion in time for the tenth anniversary of the 9/11 attacks.

Mr. Shirk and an informal committee consisting of Mayor Bob Crowell, Supervisor Shelly Aldean, Sheriff Kenny Furlong, and Fire Chief Stacey Giomi have been searching for a permanent site for the memorial. It has been this committee's goal to include public input into both selecting a permanent site for the memorial and in determining the design for the memorial. Mr. Shirk met with the Parks and Recreation Commission during the Commission's December 6, 2011, meeting seeking a recommendation for a permanent location for the 9/11 World Trade Center. Four sites were considered as a permanent memorial site including, 1) The present site in Mills Park, 2) The preferred site on the lawn on the Seely Loop north of the Firemen's Memorial in Mills Park, 3) The southeast corner of Roop and William streets near the north end of the new Community Center parking lot, and 4) A site directly in front of the Community Center between the two trees in the lawn. The Commission felt strongly that the two sites near the Community Center were inappropriate due to traffic noise and visual obstructions (power poles and lines and the Community Center's reader board). The Commission felt that the Seely Loop site was superior in that it provides a serene, reflective and contemplative location, and that the close proximity to the Firemen's Memorial was appropriate.

Applicable Statute, Code, Policy, Rule or Regulation: Carson City Charter; Section 2.140

Fiscal Impact: N/A

Explanation of Impact: N/A

Funding Source: N/A

Alternatives: 1) Select another site. 2) Reject the Parks and Recreation Commission's recommendation and direct them to reconsider other sites.

Supporting Material: Photographs of the four sites.

## CARSON CITY, NEVADA

CONSOLIDATED MUNICIPALITY AND STATE CAPITAL

November 5, 2013

Roger Mollendorf

Scott Fahrenbruch

Parks & Recreation

As we have discussed in the past, my intent was to raise funding for the World Trade Center Steel I-Beam relocation within Carson City Park system from its present location. With much regret, I am reporting the possibility of raising funds for this undertaking has not gained any momentum, and the future does not hold any promise of achieving any type of funding.

For this reason, it is in the best interest of the citizens of Carson City, if the Parks & Recreation Department would assume the responsibility of the management and maintenance of the Steel Beam.

It is my opinion that the present location should be considered the permanent home for this treasure. If your Department could arrange to have better access to the Beam, along with lighting and seating it would better serve the public.

Thank you for your consideration,

A handwritten signature in black ink, appearing to read "J. Shirk".

**PARKS AND RECREATION COMMISSION  
STAFF REPORT**

**MEETING DATE:** December 3, 2013

**AGENDA ITEM NUMBER:** 3C

**APPLICANT:** Scott Fahrenbruch, Director of Operations  
Jim Shirk, Carson City Supervisor

**REQUEST:** For possible action to recommend to the Board of Supervisors that the current and temporary location of the World Trade Center 9/11 Memorial in Mills Park be designated as the permanent location for the monument.

**GENERAL DISCUSSION:** Staff has had recent conversations with Supervisor Jim Shirk regarding the current and temporary location of the 9/11 Memorial in Mills Park, which is just south of the front entrance to the Pony Express Pavilion's front plaza entrance (Exhibit A). It was agreed by all that the current site is somewhat stark and lacking amenities to attract visitors. Staff has been reluctant to initiate improvements to the existing Memorial based on a previous action by the Board of Supervisors on January 19, 2012 which officially designated another location in Mills Park as the permanent site (Exhibit B). We are now requesting to designate the current location as the permanent location for the Memorial, which will allow us and others to pursue funding opportunities for improvements. These improvements may include A.D.A. compliant paths to access the Memorial, a small plaza area, lighting, a flag pole, interpretive signs, and possibly some additional landscaping. There is no funding designated for this purpose at this time.

Staff and Supervisor Shirk will present this item and provide more details at the meeting on the reasons for this proposed action and how we might be able to phase improvements as funding opportunities allow.

**RECOMMENDED ACTION:** I move to recommend to the Board of Supervisors that the current and temporary location of the World Trade Center 9/11 Memorial in Mills Park be designated as the permanent location for the monument.

# CARSON CITY, NEVADA

CONSOLIDATED MUNICIPALITY AND STATE CAPITAL

October 1, 2009

MR. CHRISTOPHER O. WARD  
EXECUTIVE DIRECTOR  
THE PORT AUTHORITY OF NEW YORK & NEW JERSEY  
225 PARK AVENUE SOUTH, 15<sup>th</sup> FLOOR  
NEW YORK, NY 10003

Dear Mr. Ward:

On behalf of the Carson City Board of Supervisors and the citizens of the Capital City of Nevada, I am writing to request that we be afforded the honor of receiving a piece of steel from the World Trade Center (preferably an 8 to 10 foot long I-beam) so that we may pay proper homage to the innocent men and women who perished on September 11, 2001 and to those citizens and public servants who displayed unparalleled courage in the face of terrible adversity. It is our intention to display the item at Mills Park in the heart of our city as a visible reminder of that tragic day and as a lasting and respectful tribute to all victims of terrorism and random acts of violence.

In anticipation that we might receive this important and historical artifact, citizens in our community are already mobilizing to ensure the creation and long term preservation of this permanent memorial which is certain to become one of our city's most cherished possessions.

Thank you in advance for your thoughtful consideration of our request. Should you have any questions, please don't hesitate to contact me.

Respectfully,

Robert L. Crowell  
Mayor

# CARSON CITY FIRE DEPARTMENT

*"Service with Pride, Commitment, Compassion"*

October 1, 2009

Mr. Christopher O. Ward, Executive Director  
The Port Authority of New York and New Jersey  
225 Park Avenue South  
New York, NY 10003

Dear Mr. Ward:

The members of the Carson City Fire Department are very much in support of the efforts that are underway within our community to obtain a piece of steel from the World Trade Center rubble. We all realize the individual strength and sacrifice that was shown on September 11, 2001, by our firefighters, law enforcement officers, military, and civilians, and we wish to honor these fallen heroes with a World Trade Center Memorial. Our memorial will serve as a remembrance to those fallen heroes and the efforts that they put forth on that tragic day.

Carson City is Nevada's Capital, and we have a strong history of showing dedication to our fallen comrades. We have both a state firefighters memorial and a law officers memorial within our community. The responsibility for maintaining these facilities falls to our members, and we take that job seriously and approach our efforts with pride and honor. Our World Trade Center Memorial would be cared for with that same dedication.

I'm sure you will receive many requests such as ours. I just want to assure you that the men and women of the Carson City Fire Department stand ready to do whatever is necessary to ensure that a World Trade Center Memorial can become a reality for our community, which will ensure that future generations will know and remember these fallen heroes.

Sincerely,

R. Stacey Giomi  
Fire Chief/Emergency Management Director

RE: Memorializing the World Trade Center

Dear Mr. Ward,

The Carson City Sheriff's Office employees 144 sworn and civilian employees and serves a community of over 57,000. As a combined municipality, all of the traditional "police" and "sheriff" functions practiced across America are joined under this department. And as is common throughout Carson City, many of our first responders have and are currently serving in hostile areas around the world, such as Iraq and Afghanistan.

On September 11, 2001 the towers were fallen by multiple acts of terror. As they fell, plumes of smoke and ash fell across the entire nation, only to reveal the devastation of twisted steel, forever lost families, friends and first responders who's only intention was save lives. Our nation stood in horror, not for a moment, but for an eternity captured live on millions of televisions across this country.

As generations of Americans grow and our way of life faces new and great challenges, we must all carry the wounds that were suffered that September day. I, along with my fellow first responders and the citizenry of this state capitol community must forever hold sacred the silent candles of those lost. To memorialize an artifact from the World Trade Center in this town, prominently displayed and secured, will insure that the heroes who suffered most that day will never be lost.

As the Sheriff of this community, I hope that you will find Carson City and our citizens to be worth of embracing the spirits of all of those who have fallen. In return, we accept the fullest responsibility to memorialize our nation's loss with the greatest dignity, respect and honor that is so deserves.

Respectfully,  
  
Ken Furlong  
Sheriff  
Carson City Sheriff's Office

**CARSON CITY BOARD OF SUPERVISORS**  
**Minutes of the October 1, 2009 Meeting**  
**Page 7**

**16. SUPERVISOR ALDEAN - ACTION TO APPROVE AND AUTHORIZE THE MAYOR TO SIGN A LETTER TO THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY REQUESTING CARSON CITY TO BE AWARDED AN ITEM FROM THE DEBRIS OF THE WORLD TRADE CENTER (9:25:40)** - Mayor Crowell introduced this item, and thanked Supervisor Aldean for working with Mr. Jim Shirk. Supervisor Aldean reviewed revisions to the letter included in the agenda materials. She discussed the significance of September 11, 2001 to the nation's history, and the appropriateness of memorializing the individuals who lost their lives in the tragedy.

(9:28:33) Jim Shirk expressed appreciation to Supervisor Aldean, the Board members, Fire Chief Stacey Giomi, and Sheriff Ken Furlong for their support. He discussed the intent to raise funds within the community for the memorial. Supervisor Williamson thanked Mr. Shirk, and expressed support for the worthwhile and noble effort. She suggested forming a non-profit Nevada corporation in order to safeguard contributors, and wished all the collaborators the best. Mr. Shirk advised of having considered the non-profit corporation.

Mayor Crowell entertained public comment and, when none was forthcoming, a motion. Supervisor Aldean expressed appreciation to Mr. Shirk for all his efforts, and looked forward to working cooperatively to ensure the memorial is a suitable tribute. **Supervisor Aldean moved to approve and authorize the Mayor to sign a letter to the Port Authority of New York and New Jersey requesting that Carson City be awarded an item from the debris of the World Trade Center, as amended.** Supervisor Williamson seconded the motion. Motion carried 5-0. Mayor Crowell thanked Mr. Shirk and Supervisor Aldean.

**17. PUBLIC WORKS**

**17(A) ACTION TO ADOPT, ON SECOND READING, BILL NO. 123, AN ORDINANCE AMENDING TITLE 12, WATER, SEWERAGE, AND DRAINAGE, CHAPTER 12.03, SEWER CONNECTION CHARGES AND USE RATES, SECTION 12.03.030, SCHEDULE OF CONNECTION FEES AND HOOK-UP CHARGES, BY DECREASING CONNECTION CHARGES; AND OTHER MATTERS PROPERLY RELATED THERETO (9:32:16)** - Mayor Crowell introduced this item. Deputy Public Works Director Ken Arnold reviewed the agenda report. He acknowledged the rationale pertinent to first reading was the same.

Mayor Crowell entertained public comment. (9:33:08) Northern Nevada Development Authority Executive Director Rob Hooper expressed support for the proposed ordinance, and advised of "several other companies ... that are interested now in looking at our area that weren't interested before." He advised of a food manufacturing company, which representatives are interested in locating in this area, and which would be anticipated to generate approximately \$7 million in local taxes over a four-year period. He explained that this company's specific need for a building "cannot be met in this area right now" due to a "template manufacturing process" and a specifically-engineered "set of plans that they have to build to." He reiterated his support for the proposed ordinance.

Mayor Crowell described the proposed ordinance as "two-pronged," including stimulus and economic justification. Based on the staff analysis, he explained that the "economic underpinning" of connection fees is "either gone or in the process of going away." He discussed the importance of not considering the proposed ordinance as a way to gain the advantage in the "incentive war" over other counties. He discussed the importance of working together regionally, and requested Mr. Hooper to convey this message.

The Port Authority of New York and New Jersey  
225 Park Avenue South  
New York, New York 10003

The purpose of this letter is to confirm and memorialize the full and complete legal transfer by The Port Authority of New York and New Jersey (the "Port Authority") to Carson City Board of Supervisors of that certain piece of steel of the former World Trade Center, identified as G-0137 in the Port Authority's World Trade Center Archive: Artifact Inventory Report of January 31, 2007 (the "Steel"). Carson City Board of Supervisors has requested that the Steel be made available to them, in its present condition.

1. A property interest in the above-described Steel is hereby conveyed, and full and complete legal ownership of the Steel is given.
2. The Port Authority makes no representation or warranty whatsoever as to the condition or fitness of the Steel, either express or implied, and no Commissioner, officer, agent, or employee of the Port Authority is authorized to make any representation or warranty as to the Steel. Carson City Board of Supervisors shall have no claim against the Port Authority for any defect or other condition of the Steel and agrees to accept the Steel "as is." There are no warranties, express or implied.
3. Carson City Board of Supervisors agrees to defend, indemnify and hold the Port Authority, its Commissioners, officers, representatives and employees harmless from and against all losses, liabilities, damages, injuries, claims, demands, costs, attorney fees, and other expenses incurred by the Port Authority and/or its Commissioners, officers, representatives and employees in any manner resulting from or arising with respect to Carson City Board of Supervisors's possession, use or operation of the Steel or the possession, use or operation of the Steel by any person under the control and authority of Carson City Board of Supervisors.
4. Carson City Board of Supervisors will be responsible for all costs of the removal and transportation of the Steel to its facility.
5. This agreement may not be assigned by either party without the approval of the other party.
6. This Agreement is subject to all the terms and conditions of either or both of a Court Order dated December 4, 2009 or July 22, 2010, of the United States District Court for the Southern District of New York, both annexed hereto.
7. Any written notice given by either party to the other under the provisions of, or with respect to, this letter agreement, shall be delivered in person, or by certified or registered

mail to the following addresses:

Port Authority:

The Port Authority of NY & NJ

**ORDER**

Upon consideration of the application of the Port Authority of New York and New Jersey (the "Port Authority"), and an opportunity having been given to all parties in the above-entitled action to object, it is hereby

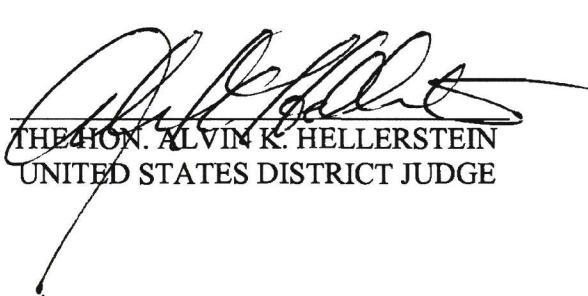

**ORDERED**, that the Port Authority is permitted to transfer full and complete legal ownership of the attached list of steel (Exhibit A) currently located at John F. Kennedy International Airport, Hangar 17, and it is further

**ORDERED**, that the transfer and the recipient organization's possession of certain WTC Artifacts will be subject to the right of any party to the September 11

Litigations or their representatives to inspect and test any steel artifact upon ten days  
notice to the recipient organization and the Port Authority.

Dated: New York, New York

12/13, 2009

  
THE HON. ALVIN K. HELLERSTEIN  
UNITED STATES DISTRICT JUDGE
