Staff Report To: Redevelopment Authority Citizens Committee

Item 4.A

Meeting Date: October 2, 2023

Staff Contact: Hope Sullivan, Community Development Director (hsullivan@carson.org, (775) 283-7922))

Agenda Title: RDA-2022-0391: For Possible Action: Discussion and possible action regarding the progress of the William Street Complete Streets Project 90% Design plans. (Hope Sullivan, hsullivan@carson.org).

Staff Summary: The William Street Complete Streets Project is a \$17 million dollar construction project that is in the final design stage. In Fiscal Year ("FY") 2023, \$385,000 of redevelopment funds were allocated to this project; an additional \$400,000 was approved for FY 2024. The project includes the reconstruction of deteriorated sidewalks and the addition of new sidewalks and multi-use paths that will improve pedestrian and cyclist safety within the redevelopment area. The project will also address unsafe turn movement, speed limits, pedestrian crossings, corridor roadway access and improvements to signalized intersections to improve vehicle and pedestrian safety in the corridor. Carson City Public Works Department staff will present an update regarding current progress and next steps.

Proposed Motions: None.

DISCUSSION:

Sections 302 and 311 of the Redevelopment Plan for the Carson City Redevelopment Project No. 1, dated February 6, 1986, provides the following as redevelopment objectives:

"Improve the street, highway, bicycle and pedestrian circulation system to assure safe, convenient and aesthetically pleasing access to and throughout the Area;"

"Improve the appearance of commercial areas through street beautification programs, building rehabilitation and improved development requirements in the areas of sign controls and landscaping."

Consistent with those objectives, the FY 2023 redevelopment budget includes \$385,000 for the Williams Street Corridor Project.

This agenda item is intended to provide a status report on the William Street Corridor Project as well as a discussion regarding next steps.
