**NRS 624.031(5)** Applicability of chapter: Exemptions. The provisions of this chapter do not apply to:

An owner of property who is **building or improving a residential structure on the property for his own occupancy and not intended for sale or lease**. The sale or lease, or the offering for sale or lease, of the newly built structure within 1 year after its completion creates a rebuttable presumption for the purposes of this section that the building of the structure was performed with the intent to sell or lease that structure. An owner of property who requests an exemption pursuant to this subsection must apply to the board for the exemption. The board shall adopt regulations setting forth the requirements for granting the exemption.

If you are seeking an exemption from licensure pursuant to NRS 624.031(5) you must complete the following affidavit, obtain the required signatures, and submit the original to the building department with your application for a building permit.
