

ANNUAL FEDERAL OBLIGATION REPORT

Federal Fiscal Year 2024
October 1, 2023, to September 30, 2024

This report was funded in part through grants from the Federal Highway Administration and Federal Transit Administration, U.S. Department of Transportation. The views and opinions of the Carson Area Metropolitan Planning Organization expressed herein do not necessarily state or reflect those of the U.S. Department of Transportation.

Introduction

As the designated Metropolitan Planning Organization (MPO) for the Carson City Area, the Carson Area Metropolitan Planning Organization (CAMPO) carries out transportation planning activities within the Metropolitan Planning Area (MPA). The MPA encompasses Carson City, excluding portions within the Tahoe Basin, a northern portion of Douglas County, and a western portion of Lyon County (shown in Figure 1). Additional information on CAMPO is available at www.CarsonAreaMPO.com.

Figure 1: CAMPO MPA

CAMPO is committed to compliance with the United States Code of Federal Regulations (C.F.R.) for MPOs. In accordance with 23 C.F.R. §450.334, MPOs must publish an annual listing of projects for which federal transportation funds were obligated in the preceding programmed year. Under 23 U.S.C. or 49 U.S.C. Chapter 53, this federal annual obligation report provides a list of all obligated transportation projects in the CAMPO area. The federal fiscal year (FFY) begins on October 1 and ends on September 30. The term obligated or obligation refers to the federal government's funding commitment, as it relates to a specific project. Obligation does not necessarily refer to expenditure or completion of a project, nor represents the total cost of the project. For Federal Transit Administration (FTA) projects, obligation occurs when the FTA grant is awarded and available to be spent. For Federal Highway Administration (FHWA) projects, obligation occurs when there is an executed project agreement and a Notice to Proceed issued for a specific phase, such as design or construction. In both cases, obligation means the funds are available to use. Funds for transportation projects are programmed in CAMPO's Federal Transportation Improvement Program (TIP).

Transportation Improvement Program (TIP)

The annual obligation report is derived from CAMPO's Federal Fiscal Year 2023-2026 TIP. The TIP is a prioritized listing of federally funded projects or regionally significant projects regardless of funding source. The TIP covers a four-year period and is formally adopted by CAMPO. The TIP must be consistent with the Statewide Transportation Improvement Program (STIP) and must be updated at a minimum of every four years. CAMPO's current TIP can be viewed at www.CarsonAreaMPO.com or <https://estip.nevadadot.com/>.
