

# BEE CITY USA®

## CARSON CITY

Bee City USA #76, Carson City needs your help and support in order to make a huge impact educating our community about the importance of pollinators. Choose how **YOU** want to contribute to Carson City's efforts to **SAVE OUR POLLINATORS!**

Right now our greatest need is for volunteers willing to take a leadership role in helping us create education programs and help us coordinate our volunteers. If this interests you, we will be happy to meet with you and discuss details.

As we grow our programs, we will need enthusiastic volunteers to help us get those programs out to as many people as we can, so even if you can only give a small amount of time, please **check** how you would like to be part of this exciting endeavor!

1. **YOUTH** – help with Farm Days, school presentations, Kids to Park Days
2. **OFFICE WORK** – Phone calls, research
3. **EVENTS** – Pollinator Month Activities, Lectures
4. **FUND RAISING** - Every nonprofit needs money!
5. **COMMUNITY GARDENS** - Planning and Planting
6. **YOUR SPECIALITY OR OTHER IDEAS** - Explain:
7. **JOIN OUR E-LIST** - Stay informed about our projects and special events.
